### Washington Withholds Decision on Invitation to the Newly Planned Economic Conference at Hague

#### ACTION COMES AS A SURPRISE

U. S. Government Had Not  
Suggested Invitation and  
Was Uninformed of Plan  
Question Expected to Be Dis-  
cussed at Tomorrow's Cab-  
inet Meeting

#### Agreement to Hold Session at The Hague June 15 Ap- proved at Genoa

GENOA, May 15.—(By the Associ-  
ated Press)—The political sub-com-  
mission of the economic conference to-  
day unanimously approved of the  
agreement reached yesterday among  
the convening powers to hold another  
meeting at the Hague beginning June  
15, to further examine the Russian  
question.

The plan provides for creation of  
two commissions to assemble at The  
Hague to consider Russian financial  
problems.

The plan, as approved, also provided  
that an invitation to participate be  
extended to the United States.

A copy was forwarded to the Rus-  
sians, who called a meeting of their  
delegation this afternoon to consider  
it.

Lloyd George Presents Proposal  
GENOA, May 15.—(By the Associ-  
ated Press)—Prime Minister Lloyd  
George announced this afternoon that  
he had handed to Richard Washburn  
Child, the American ambassador, a  
copy of the proposal for the commis-  
sion to sit at The Hague to discuss  
Russian affairs. He said this had  
been done so that the United States  
would be fully advised in case Russian  
acceptance.

Mr. Lloyd George expressed the hope  
that the United States would see fit  
to join the mixed commission.

Washington Survived  
WASHINGTON, May 15.—A commu-  
nication from American Ambassador  
Child reporting that the United States  
government had been invited to par-  
ticipate in the newly planned eco-  
nomic conference at The Hague was

#### FORCE OF CITY SPARROW MEN CUT DOWN TODAY FROM 58 TO 38

Reduction Made Possible by New System of  
Night Street Cleaning by Machines Put  
Into Effect Saturday at Midnight—Men  
Transferred to Repair and Cleaning Gangs  
in Residential Sections

Today marks the break in the force  
of city sparrow-men, when 20  
of these employees were transferred from  
routes on downtown smooth-paved  
streets to repair gangs and cleaning  
gangs in outer sections of the city.  
This move, under contemplation for  
some time, reduces the number of  
sparrow-men from 58 to 38.

The change has been made possible  
by the new policy of night street  
cleaning with motor vehicles, institu-  
ted Saturday night by Supt. of Streets  
Harry Doherty. Hereafter all down-  
town smooth-paved streets will be  
brushed nightly with the two ma-  
chines, beginning at midnight. During  
the daytime the machines will work  
on other paved thoroughfares outside  
the downtown district.

The downtown streets Sunday clear-  
ly showed the result of Saturday  
night's work, as they have not looked  
in such a clean condition for a number  
of years. If merchants could be per-  
suaded to sweep sidewalks in front of  
their places of business after the Sat-  
urday night closing time, the appear-  
ance of both streets and sidewalks  
would be even more satisfactory, said  
Supt. Doherty today.

Night street cleaning has become a  
necessity and is in vogue in practi-  
cally every large city. In Worcester,  
for example, all downtown streets are  
flushed with water at high pressure  
every night, while Springfield uses  
water and cleaning machines as well.

#### Burrell Candidate for Lieut. Gov.

BOSTON, May 15.—Charles L. Burrell, former state treasurer, to-  
day announced his candidacy for the republican nomination for lieutenant  
governor. Alvan T. Fuller, the incumbent, and Joseph E. Warner,  
former speaker of the house are already announced candidates.

#### Asks Removal of Dry Commissioner

WASHINGTON, May 15.—Secretary Mellon was asked today by  
Representative Hill, republican, Maryland, to remove Prohibition Com-  
missioner Haynes, or whoever else in his office was responsible for a  
recent press bulletin which Mr. Hill declared constituted "official ap-  
proval of the application of lynch law to the suppression of liquor  
violations."

#### 8 Deaths in Sunday's Shootings in Belfast

BELFAST, May 15.—The body of an elderly woman who had died  
of bullet wounds, was found in Great George street, last night, bringing  
the total of known dead in Sunday's shootings to eight.

#### Eugenia Blair Dies in Dressing Room

CHICAGO, May 15.—Eugenia Blair, widely known actress, playing  
in "Anna Christie" at the Cort theatre, died in her dressing room at  
the theatre shortly after her appearance in the early part of Saturday  
night's performance. Her death, which was believed due to heart dis-  
ease, was not revealed until today.

#### AUTOMOBILES PASS BY THOUSANDS

Based upon observation and  
actual count, taken at several  
different times and covering  
periods of three or four minutes  
each, automobiles of the pleasure  
car type, passed through Merri-  
mack Square yesterday between  
the hours of 5.30 and 7 p. m.  
at a rate of 34 machines a  
minute, for a grand total of  
3060 cars during the 90 minutes  
that elapsed.

While this total is tremendous  
in itself and far, far above the  
average that might rest in the  
mind of the casual observer,  
what is even more significant as  
a mark of evolution, is the fact  
that not one single horse-drawn  
vehicle passed in that hour and  
a half.

Yesterday was atmospherically  
perfect for automobile riding  
and the great load of traffic  
borne by the highways clearly  
shows to what heights this  
pleasure will mount when the  
peak is attained in mid-summer.

#### FIGHTS PURCHASE OF UNIFORMS

Councilor Sadlier Says Men  
of Police Department Do  
Not Want Them

Declares Council Members  
Are With Him in Effort to  
Stop Proposal

Questions Legality of Move  
Unless Made Through  
Office of Purchasing Agent

Declaring that if the acting superin-  
tendent of police desires to purchase  
new uniforms for the men of his de-  
partment he must do so through the  
office of the city purchasing agent  
and through the medium of a properly  
approved requisition, and declaring  
further that after consulting more  
than a score of patrolmen he is of the  
belief that the men do not want the  
new uniforms, Councilor Fred A. Sad-  
lier of ward 4 today stated that he  
was attempting to line up the entire  
personnel of the city council against  
the acting superintendent's proposed  
purchase.

Councilor Sadlier has instituted an  
investigation into the proposed pur-  
chase of new uniforms for the police  
department in his position as chair-  
man of the council committee on public  
safety.

"As I understand it, the acting su-  
perintendent of police has contracted  
with a Boston firm to furnish new  
summer uniforms for the men at an  
individual cost of \$17, half of which  
amount is to be paid by the men  
themselves," said Councilor Sadlier  
this noon. "I have talked with more  
than a score of men in the depart-  
ment, and I know that they do not  
want the new military style blouse.

"Moreover, it is not alone the cost of  
\$17 that is to be considered, but it  
means that military police would  
have to be placed on dress uniforms  
and overcoats."

Councilor Sadlier also alleged that  
local clothing firms have offered to  
supply new uniforms at prices lower  
than those quoted by the company in  
Boston from whom the acting superin-  
tendent intends to purchase.

The councilor stated that the ma-  
jority of the council coincides with his  
stand in the matter, and in a manner  
he has been deputized to represent  
the body in any investigation he care  
to make. Later today he intends to  
take the matter up with the city su-  
pervisor in a discussion of the legality  
of a purchase made in other than the  
usual manner.

#### Fascisti Leader Wins Duel With Editor

MILAN, May 15.—Prof. Benito Mussolini, head of the Fascist, or  
extreme nationalists, who bears more than 100 wounds received in battle,  
engaged in a duel yesterday with Signor Misiroli, editor of the Turin  
Secolo, over differences arising from articles appearing in their respec-  
tive newspapers. Prof. Mussolini is editor of the Popolo Italia of Milan.  
The Fascisti leader won in seven assaults lasting forty minutes. The  
duellists refused a reconciliation after their meeting.

### Public Service Board Member and Counsel for Plant Co. in Lively Tilt at Board Meeting Today

#### SAYS CITY HAS NO RIGHT TO ACCEPT BROOKINGS ST. AS PUBLIC WAY

Herbert E. Coburn of Dracut Declares His  
Family Was Ganted Rights There in 1761  
When Land was Known as Fletcher Farm  
---Street Included in New Street Car Loop  
Supposed to Be Property of Boott Company

According to Herbert E. Coburn, a  
resident of Dracut, and a local real  
estate dealer, the city of Lowell has  
no right to accept Brookings street as  
a public way. He declared this at a  
meeting of the city council, this street  
is included in the proposed street car  
loop to be used by cars going to  
Lawrence and Lakeview.

Mr. Coburn called at the city solici-  
tor's office recently and said that his  
family had been granted rights there  
in 1761. It was also further stated  
that the land was known as the  
Fletcher farm and that if the city at-  
tempted to accept the street it should  
revert back to a farm.

According to advices from the city  
solicitor's office the street in ques-  
tion, which runs from Paige to  
French, is the property of the Boott  
mill.

When interviewed by The Sun this  
morning on the subject Mr. Coburn had  
nothing to say other than the fact that  
his family was granted rights there in  
1761. He refused to talk further on the  
subject.

#### WANTS PROBE OF TEXTILE STRIKE

Union Organizer Urges State  
to Conduct Investigation  
of Dispute

Declares Strikers Ready to  
Lay Their Side Before Any  
Fair Minded Body

Manufacturers Hold Aloof—  
1000 Pickets at Pacific  
Mills—Bosses Boomed

LAWRENCE, May 15.—Declaring  
that the United Textile Workers of  
America now on strike in Lawrence  
textile plants for the eighth successive  
week "are desirous of placing their  
case before any body of fair minded  
men and women and will conceal nothing  
while on the other hand, the man-  
ufacturers hold aloof and hope to win  
by other tactics because they realize  
if an exposure or an honest investi-  
gation took place there would be no  
chance of imposing a wage cut," or-  
ganizer Francis J. Gorman today in  
a statement asked for an investiga-  
tion of the dispute.

"The state of Massachusetts," he  
said, "in the interests of the general  
public should waste no time in bring-  
ing about this industrial situation. Men  
and women in the textile industry are  
demanding more consideration and  
want to be treated as American citi-  
zens, not automata, to be handled  
exclusively for the accumulation of  
profit."

He declared that "unfair employ-  
ers are allowed to defy all moral obli-  
gations and to hamper whatever legiti-  
mate means may be taken to bring about an  
adjustment."

The statement concludes: "Why  
don't the manufacturers come out in  
the open and be consistent with what  
they advocated during the war?"

There were about 1000 pickets near  
the Lower Pacific mill gates this morn-  
ing and office employees and overseers  
were barred as they went to work.

#### STRIKERS SAY ONLY 450 OPERATIVES AT WORK

That only about 450 operatives are  
employed at the Hamilton mills today  
is the contention of the strike officials,  
who stated this noon that according  
to reports of pickets about 600 were  
working at the gates of the plant at 7  
o'clock, but an hour later 100 came out  
again. The strike officials feel that  
the mill is losing ground and base  
their belief on the fact that among  
those who came out of the mill were  
many recognized as men and women  
who were employed there last week.

General Organizer Thomas J. Rea-  
gan of the United Textile Workers of  
America stated this morning that he  
does not know whether the operatives  
were turned back because of lack of  
work, or if the men and women re-  
fused to work after being informed of  
the wage that would be paid them.

He believes, however, that yesterday's  
mass meeting on the North common  
had some bearing on the reduction in  
the number employed at the mill.

Mr. Reagan stated that many pickets  
were on hand in Jackson street when  
the mill gates opened this morning.  
They were stationed at the two gates  
of the mill and as the operatives filed  
by they counted them and when the  
figures were put together later it was  
found that about 600 had gone into the  
mill. About an hour later the same

#### QUESTION OF ASPHALT AGAIN

Bowers Wants Proof That  
Company Involved is  
Equipped for the Work

Atty. Hennessy Admits That  
Local Contract Would Be  
Concern's First Job

A spirited tilt between George Bow-  
ers, public service board member, and  
J. Joseph Hennessy, counsel for the  
Plant Engineering company, featured a  
meeting this noon of the board of pub-  
lic service, called for the purpose of  
taking some action on awarding this  
year's contract for the supplying of  
sheet asphalt.

As was believed, Mr. Bowers did not  
look with favor upon the Plant Co.  
and during the discussion compliments  
were exchanged that seemed well  
fringed with barbs.

When the matter was taken up Den-  
nis J. Murphy, chairman of the board  
asked if there was anyone present to  
represent the Plant Co. A low bidder,  
when the proposals were last opened,  
Attorney Hennessy said that he was  
the local counsel of the company and  
would be glad to answer any questions  
relative to its business.

Chairman Murphy said that he want-  
ed to know a little something about  
the company's history. Mr. Hennessy  
replied that the company was a corpo-  
ration organized in April and capiti-  
alized for \$50,000. He said that the pre-  
sident of the firm was Edwin S. Hill of  
Boston, a well known financier. He  
said that a Mr. McGrane was to have  
charge of the work and told about his  
qualifications. He further added that  
the company was willing to furnish a  
surety bond of \$10,000 that the work  
Continued to Page Nine

#### FULL DOCKET IN COURT TODAY

48 Law Violators of All Sorts  
Present to Say "Good  
Morning, Judge"

Releases, Continuances, Fines  
and Sentences Ground Out  
in Mill of Justice

District court was an extremely busy  
place this morning, for when Judge  
Thomas J. Enright appeared on the  
bench he found 48 drunken offenders,  
four persons charged with liquor  
law violations against them, two each  
for non-support, assault and battery  
and violations of the motor vehicle law,  
and one each for keeping an unlicensed  
dog and violation of the milk law. A  
number of the drunken offenders were  
released, several were placed on file,  
a few continuances were granted and jail  
sentences and fines imposed in the re-  
minder of cases. The total of fines  
assessed and paid was \$255.

James A. McGuinness pleaded guilty  
to a charge of illegal keeping of in-  
toxants, but when he was fined \$100,  
entered an appeal. It appears that  
McGuinness had suspected for some  
time that liquor was being made in the  
locality of the defendant's home, and  
on Saturday morning warrants were  
taken out and with the assistance of  
Federal Officer J. Walter Howers, Chief  
Jayington of the town police and Of-  
ficers O'Brien, O'Connor and White  
patrolled upon McGuinness' camp and  
found a 25-gallon still in operation,  
with about 100 gallons of mash, a quan-  
tity of liquor and a supply of sugar,  
kain and other supplies. The other  
houses were searched without result.  
McGuinness was arrested and brought  
to the local station.

Patrick Donohoe, the proprietor of a

# Radio

## RADIO BRINGS THE MAGNIFYING VIOLIN

NEW YORK, May 15.—Radio has caused the invention of a special "magnifying violin."

It is the product of Harold Stern, director of a New York hotel orchestra. Stern has been broadcasting violin music from the large stations around New York, using his invention as the

## ELIMINATE RADIO SIGNAL BUZZING

CHICAGO, May 15. (By A. P.)—Elimination of the crackling and buzzing accompanying radio signals, which have proved one of the greatest obstacles in the development of that science, has been accomplished by United States army experts. It is announced. The invention, which separates all static noises from the radio signal, was perfected by Major J. C. Mauborgne, signal officer of the Sixth corps area, and Dr. Louis Cohen of Geo. Washington university, consulting engineer of the war department, after more than two years' experimentation.

The separation of signals from static noises, caused by the electrical charges in the atmosphere, is accomplished by a drain coil of wire, the length of which varies with the distance from which signals are received. The strength of the signal is not affected by the draining process, according to Dr. Cohen and the signals may even be amplified.

## MAKE LIFE BRIGHTER FOR BUSINESS GIRLS

Gertrude Robinson-Smith believes the girl who gets the worst deal from the big city is the self-supporting girl of the middle class. She says:

"There are organizations supplying social recreation for girls not self-supporting, and there are clubs available for the rich, but the girl away from home who makes a good salary and can pay for what she gets often finds she can't get much but a boarding house."

Miss Smith has been selected by the

GERTRUDE ROBINSON-SMITH

American Woman's association, Inc., to manage a campaign to raise funds to build a 700-room club house where self-supporting women away from home may live and have all the comforts of home.

Her plans include a drive for membership, resident and non-resident, and the floating bonds to finance the enterprise. The club house is to be built in New York, but is to have accommodations for business women from other cities.

The American Woman's association is the outgrowth of the Vacation association which Miss Smith organized eight years ago and put on a self-supporting basis.

## BISHOP HUGHES AT ST. PAUL'S CHURCH

An eloquent sermon was delivered at a special service in St. Paul's M. E. church last evening, in which "The Possible Place of Man in the Work of Our Lord and Master" was discussed by Bishop Edwin H. Hughes.

Bishop Hughes declared that in the appeal by the clergy there is a lack of masculinity; the appeal therefore failing to attract men as well as women. The significance of the fact that the occasion for the sermon was the evening of Mother's day was mentioned, the bishop saying that he might do well to adopt the Rembrandt method of presenting his subject, thus throwing into relief the topic of his sermon.

The eminent visitor said that the subject was an alluring one, since in his first church he discovered the women outnumbered the men, two to one. He has been seeking the reason ever since, and has received many interesting suggestions. He then outlined many of the suggestions offered, certifying that the result of his research had been the conclusion which he had stated; lack of masculinity in sermons.

Rev. J. J. Cairns introduced Bishop Hughes to the congregation.

An excellent musical program was carried out, with Hugh Goodrich, violinist; the Alpha male quartet, St. Paul's orchestra and a large male chorus.

BOYS PREPARE FOR FIELD DAY PROGRAM

Battalions of the high school regiment assembled on the South common this morning and rehearsed several of the military tactics and calisthenics which will be reviewed at the annual field day exercises. Because of the condemnation of the Spalding park grand stand, it is believed that the South common will be the scene of this year's event.

## FRATERNAL NEWS

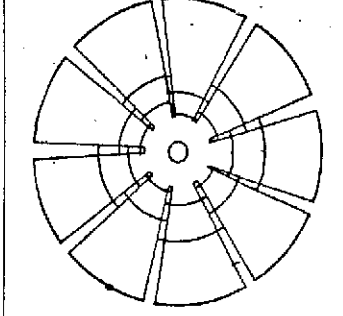

As previously arranged, R. E. Butler Women's Relief Corps, No. 75, will hold its regular meeting next Wednesday evening in Memorial hall. A penny social will take place from 6 to 7.30 o'clock, to be followed by the meeting. Mrs. Josie Douglas is in charge of the social program. The general public is invited.

IF YOU WANT TO EXCHANGE ANYTHING TRY A SUN CLASSIFIED AD

## SIMPLIFY RECEIVING SET WITH SPIDER-WEB COIL

By R. L. DUNCAN  
Director, Radio Institute of America  
Make a spider-web coil and simplify your radio receiving set.

It's easy. If properly constructed it can be used instead of the primary and secondary coils in the crystal receiver.

SPIDER-WEB COIL SHOWING METHOD OF WINDING

or the variometers or variocoupler in the regenerative set.

Get a piece of heavy cardboard about 4-12 inches in diameter. Mark it off according to the pattern of the diagram.

Be sure that the sections are of an uneven number, spaced apart about 2-16 of an inch. The cardboard should be heavy enough not to bend.

Before winding, give the form a coat of shellac and bake in a warm oven to take up shrinkage.

Wiring Simple

The wire should be either No. 24 or 26 silk cotton covered. Start winding at the center, about half an inch from the core. Bring the wire over one section and then under another. Then keep on going in and out.

Because of the difference in location and size of aeralis it is impossible to tell the exact number of turns necessary for the individual set. It would be well to start off with 50 to 60 turns.

If this does not bring in any messages using a wave length longer than 200 meters, add a few more turns. If, on the other hand, you hear only long wave stations, take off a few.

The coils may be tapped about every 12 turns by simply making a small loop which is left projecting from the coil itself until the winding is completed. Then these loops may be picked up and connected to the switch points by short pieces of flexible wire.

This tapping will cut down the receiving efficiency to some extent, but it gives finer variation on the different wave lengths.

For Larger Set

In making the mountings for the spider web coils in the regenerative set, be sure to cut them all the same size. There will be three—one each for the primary, the secondary and the tickler.

Bore a small hole about the size of a lead pencil through the center of each. Mount on a thin shaft about nine inches long in such a way that the distances between the coils may be varied.

Since these coils are very inexpensive to construct, the real radio fan will find it of great interest to experiment with several sizes and forms of the spider-web arrangement.

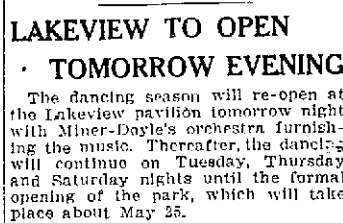

LAKEVIEW TO OPEN TOMORROW EVENING

The dancing season will re-open at the Lakeview pavilion tomorrow night with Milner-Doyle's orchestra furnishing the music. Thereafter, the dancing will continue on Tuesday, Thursday and Saturday nights until the formal opening of the park, which will take place about May 25.

RIDING TOGS WILL LACK SLEEVES THIS SEASON

Riding habits have been greatly influenced by the first warm days.

Here is Alice O'Connell, wearing the type of togs that promises to be very

popular later. Her dressless coat is of black velvet that matches the black and white riding breeches. With her shirt of white silk she wears a brilliant scarlet tie.

## EVERY LITTLE NOISE UPSET HER NERVES

Nervousness and Stomach Trouble Kept Her Miserable for Four Years, Declares Roxbury Woman—Now Well and Happy

"Tanlac has been such a blessing to me I just can't miss telling others about it," said Mrs. Maxie McCooty, 84 Williams St., Roxbury, Mass.

"For the past four years my nerves have been so unstrung I could hardly endure life. Indigestion caused me much pain and distress, and after eating I would bleed badly with gas so I could hardly breathe. I couldn't sleep at night and got so the least unusual noise frightened me."

"My husband has used Tanlac with such splendid results that I was persuaded to try it, and by the time I finished the first bottle I was like a different person. Now I have a new appetite, sleep well, and my nervousness and pains are all gone. I just can't praise Tanlac enough."

Tanlac is sold by all good druggists.

## MISSION CLOSURES AT ST. MICHAEL'S CHURCH

At St. Michael's church yesterday afternoon an eminently successful two weeks' mission was brought to a close. The men of the parish turning out in impressive numbers to participate in the Dominican fathers' solemn and beautiful closing service. The exercises began at 3 o'clock, and consisted of the recitation of the rosary, a sermon, benediction and the delivery of the papal blessing. Rev. Fr. Heagan, O.P., delivered the sermon, and emphasized four dominant features of Catholicity: attending mass, frequent confession and communion, the avowal for the vicissitudes of sin, and constant prayer. Rev. John J. Shaw, pastor, complimented the men of the parish on the fine showing they have made in the last week.

Rev. James F. Lynch sang the high mass yesterday, with Rev. Bernard Hughes, O.P., as preacher. The May procession, an annual feature of the church activities, will be held next Sunday afternoon at 3 o'clock. Children of the parish are preparing for their first communion.

At St. Peter's church yesterday a solemn high mass at 11 o'clock brought to a close a 40 hours' devotion which opened Thursday morning. Rev. Daniel J. Heffernan officiated as celebrant. Rev. Francis J. Shea, as deacon, and Rev. John M. Manion, as sub-deacon. The sermon was delivered by the pastor, Rev. D. J. Keleher, Ph. D.

Members of the Married Ladies' sodality received communion in a body at the 7.30 o'clock mass, with Rev. Dr.

## A Beautiful Complexion & Admiration

Ladies—A few days' treatment with CARTER'S LITTLE LIVER PILLS will do more to clean up the skin than all the beauty treatments in creation. An imperfect complexion is caused by a sluggish liver.

Millions of people, old, young and middle age, take them for Biliousness, Dizziness, Sick Headache, Constipation, and for Sallow, Puffy and Bloated Skin. They end the misery of Constipation.

197 CENTRAL ST.

Keleher as celebrant and Rev. Fr. Manion assisting in giving communion. Every evening this week at 7.30 May devotions will be held, and after the devotions on Wednesday evening the Married Ladies' sodality will hold a meeting. On Thursday evening a meeting of the Society for the Propagation of the Faith will take place after the service.

At St. Patrick's church members of the Holy Family and Holy Rosary sodalities received communion at the 7 o'clock mass. The high mass was sung by Rev. Francis L. Keenan, and Rev. Joseph A. Curran preached the sermon and made announcements. May devotions will be held according to schedule throughout the week.

Members of the Ladies' sodality received communion in a body at the Immaculate Conception church yesterday, the ceremony taking place at the 7 o'clock mass. Rev. Owen P. McQuinn, O.M.I., acting as celebrant. At the 8 o'clock mass the Holy Name society received communion, with Rev. Albert L. McDermott, O.M.I., as celebrant. The high mass was sung by Rev. Patrick J. Hammerly, O.M.I.

At the Church of the Sacred Heart yesterday, members of the Holy Name society received communion at the 7.30 o'clock mass. The celebrant was Rev. Bernard Fletcher, O.M.I., and he was assisted in giving communion by Rev. James Kerwin, O.M.I. Rev. Francis N. McGann, O.M.I., sang the high mass, with Rev. Fr. Kerwin, O.M.I., preaching the sermon. The annual May party of the Children of Mary will be held in the school hall next Friday evening.

At St. Margaret's church the early mass was celebrated at 8 o'clock by the pastor, Rev. C. J. Galligan. The 7.30 and 9 o'clock masses were celebrated by Rev. William P. Drennan, and the late mass was sung by Rev. Andrew F. O'Brien. There will be a meeting of the Ladies' sodality on Tuesday evening at 7.30. It was announced that the annual parish lawn party will be held at the Casino on Thursday, June 28, with a drawing for a love nest as a novel feature.

Rev. John C. Hogan celebrated the 10.30 mass at St. Columba's church yesterday, and Rev. James P. Somers the early mass. The children of the parish are preparing for their first communion. At 8 o'clock Tuesday evening the committee in charge of the recent minstrel show and children's party will meet, and reports will be submitted. Prizes for which tickets were sold at these affairs will be drawn for at a party to be held in a short time. On Friday night there will be a meeting of the Holy Name society to hear the final reports on the minstrel show. At 7.30 o'clock on Monday, Wednesday and Friday evenings May devotions will be held.

## COMMITTEES OF CHAMBER TO MEET

At 4.15 o'clock tomorrow there will be a very important meeting of the educational committee of the chamber of commerce in the organization rooms.

On Thursday afternoon, the anti-tuberculosis council will meet at 4 o'clock and the constructive committee, the sub-committee of the building revision board, will meet for supper in the evening of the same day at 6.15. This latter committee now is working on the details of a constructive code, which, it is hoped, will be completed shortly.

APRIL BILL DRAFT PAID  
The city's bill draft for the month of April, amounting to \$55,600.84, was paid today by City Treasurer Fred H. Bourke. With the exception of a few bills which were not approved, this amount comprises the sum necessary to run the city's affairs for last month.

## Headaches

Are Usually Due to Constipation

When you are constipated, there is not enough lubricant produced by your system to keep the food waste soft. Doctors prescribe Nujol because its action is so close to this natural lubricant. Nujol is a lubricant—not a medicine or laxative—so cannot gripe. Try it today.

## Nujol For Constipation

## Cuticura Toilet Trio

Satisfies every want of the most critical in cleansing, purifying and beautifying the skin and complexion. Nothing purer, sweeter or more effective for every-day toilet purposes.

## HAVE COLOR IN CHEEKS

Be Better Looking—Take Olive Tablets

If your skin is yellow—complexion sallow—tongue coated—appetite poor—you have a bad taste in your mouth—lax, no good feeling—you should take Olive Tablets.

Dr. Edwards' Olive Tablets—a substitute for calomel—were prepared by Dr. Edwards after 17 years of study. Dr. Edwards' Olive Tablets are a purely vegetable compound mixed with olive oil. You will know them by their olive color.

To have a clear, pink skin, bright eyes, no pimples, a feeling of buoyancy—the childhood days you must get on the move.

Dr. Edwards' Olive Tablets act on the liver and bowels like calomel—yet have no dangerous after effects. They start the bile and overcome constipation. Take one or two nightly and note the pleasing results. Millions of boxes are sold annually at 15c and 30c—Adv.

## Screen Personality? What Is It? See John Barrymore

MORIARTY PULLED THE TRIGGER, BUT SHERLOCK HOLMES HAD TAKEN OUT THE CARTRIDGES. IN THE CENTRE, JOHN BARRYMORE, AS SHERLOCK HOLMES, WINS CAROL DEMETER, THE HEROINE

By JAMES W. DEAN  
NEW YORK, May 15.—Personality is that elusive quality variously and inadequately described by many as the prime requisite for success in screen acting. But if you see the photodramatization of "Sherlock Holmes" you will see that quality epitomized in John Barrymore.

"Sherlock Holmes" affords unusual movie material because it contains mystery, romance and high adventure. However, that which the acting of John Barrymore would not hit it above the common mark attained by most films.

The personality of Barrymore in the film's transcendental quality. The continuity is poor and for that reason interest in the story occasionally lags, but interest in Barrymore never. The eye follows his every action like a ten penny nail following a horseshoe magnet. That's personality.

Barrymore has a lean and hungry look like one of the gods. His features seem to glow with the film. In his face there is youth and in his body age. Here is a peculiar admixture, intriguing in itself and giving the actor great flexibility in portrayal of character. Thus he seems to grow naturally with the years indicated by the lapse of time between various episodes.

The film is based on Sir Arthur Conan Doyle's stories. That is probably the reason for its striking continuity.

This writer believes that from the standpoint of story development the "Sherlock Holmes" stories are better treated in the two-reel versions now being exhibited. Yet there is no comparison between the thoroughness of handling.

Carol Demeter, Hobba Hopper, Ronald Young, Gustave Van Seyferitz, Rosalind Dwyer and others equally well known are in the cast. No picture since "Orphans of the Storm" has had so capable a cast, from star to extra.

## Mystery Films

This writer has heretofore called attention to the growing popularity of mystery plays and melodrama in the American cinema. At 10 p. m. Monday, considered the "show" night by theatre managers, patrons were standing four deep waiting to see Barry-

## NATION-WIDE DRIVE FOR BEER AND WINE

WASHINGTON, May 15.—The nation-wide drive for beer and light wine, under the direction of the Association Against the Prohibition Amendment, is beginning to attract attention and to arouse the anxiety of the Anti-Saloon league.

According to the association, the movement to liberalize the prohibition law is gathering momentum throughout the country. It makes no claim of carrying congress for its cause in the November election, but it does predict the election of a sufficient number of liberal senators and representatives to signalize the turning of the tide against the extreme prohibitionists.

## MOTHER!

Clean Baby's Bowels with "California Fig Syrup"

Hurry Mother! A half-teaspoonful of genuine California Fig Syrup will make your baby feel better and comfortable. It cleanses the little bowels of all the wind and gases, the bad, constipated stool and stomach pain which is causing baby's distress.

Millions of mothers depend upon this gentle laxative to keep baby's stomach and bowels clean, and thus prevent diarrhoea, colic, biliousness, coated tongue, sour stomach, feverish breath and constipation. It never cramps or overacts. Contains no narcotics or soothing drugs.

Babies love the taste of genuine "California Fig Syrup" which has full directions for infants in German and English on all sides printed on the box. Buy "California" in the drugstore and accept no imitation fig syrup. Adv.

## VOLUNTARY DAYLIGHT SAVING AT WASHINGTON

WASHINGTON, May 15.—Washington today began an experiment in voluntary daylight saving. The hands of the clock remained unchanged but under a request issued by President Harding with approval of his cabinet, a large proportion of the activities of the executive branch of the government got under way an hour earlier and most of the commercial establishments got to work an hour ahead of the regular schedule.

Congress on the other hand, holding in its memory the storm stirred up in some quarters by its enactment of a daylight savings law several years ago, has refused to have anything to do with the new plan and will meet and adjourn as usual. The supreme court has met at high noon by the clock since its history began and also will decline to follow the executive departments.

## QUEEN MARIE COMING

May Forego Coronation to  
Visit U. S.—Indignant  
Over Movie Report

BUCHAREST, May 12. (By A. P.)—Queen Marie of Rumania may forego her coronation this fall in order to visit the United States.

Since the signing of the armistice she has been planning to go to the United States, but pressing affairs in her own country and the expenses of the long journey have deterred her. Now invitations from friends and petitions from women's clubs and civic societies are pouring in on her so fast that she finds it difficult to resist them.

While the queen has not received an official invitation from President Harding, it is known that the American government would welcome and entertain her. The Rumanian government, however, would prefer that she receive a formal invitation from the White House in order that there might be no mistake concerning her status.

The queen has not set any date for her departure, but her friends are urging her to postpone her coronation with King Ferdinand, which is set to take place in Transylvania and start for New York after she has fulfilled a few European court engagements.

The queen yesterday made it clear to the Associated Press that if she went to the United States it would be with the object of seeing the country and thanking in person the thousands of Americans who helped Rumania so generously during and after the war. She said it was absurd to think that she would engage in any motion-picture enterprise.

"I wish also," the queen added, "to see your big-hearted, sympathetic and humane president, your enterprising and clever men and your practical and resourceful women. I desire especially to talk with your women and get the benefit of their ideas, wisdom and experience."

"I hope the American people do not believe for an instant the idle invention that I am going to appear as an actress in motion pictures. It is altogether offensive and provoking to have my name linked with these things, especially when it is said I am to get such huge sums out of the enterprise if one has to work quite as hard as I do to help others. I suppose one's name is bound occasionally to be taken in vain, but I am too busy with my manifold duties to turn a hair about these fantastic publications."

"I must plead with the American newspapers to be fair to me. How utterly uncharitable and reprehensible it is for some of them to say, as they did recently, that I had given up going to America because I was jealous of the reception accorded Marshal Foch. My name seems to amuse the public. I suppose that is the penalty one has to

pay for having the courage not to be exactly like anybody else."

The queen discussed the forthcoming marriage of her second daughter, Princess Marie, to King Alexander of Yugoslavia. She said she was confident this would be a step in the direction of unity and peace in the Balkans.

"But," Marie added, "it is a mistake and unfair to say it is a political

marriage. You know, even among us, kings and princesses there is such a thing as 'love at first sight.' That is what happened in this case. The young king had never met my daughter until he came to Bucharest last January. When he saw her he held out both hands and said: 'I need you; my country needs you. Will you come and help

me as my mother, in the place of

the one he scarcely knew."

The queen said she often smiled at the position she has been forced into by the circumstance that she was the queen mother-in-law of the Balkans. "I can assure you," she added laughingly, "I am a very lenient mother-in-law, and not the traditional termagant. The three children I have given the throne of Greece, Rumania and Jugo-

slavia are supremely happy with their

choices. All are bound to get on well

together, and if we have such peace

and contentment in our family life, why

can't we have it as political and geo-

graphical neighbors? Whatever else I

may be criticised for, I won't be blamed

for my efforts at bringing about peace

and harmony in the Balkans."

DUBLIN, May 15. One of the Associated Presses, a significant movement in the way of the Kilkenny where a league has been formed for the defense of life and property and all rights and liberties immediately connected therewith. The members are pledged to give all reasonable help to any member attacked or threatened with violence of person or property. They are also pledged to certain from taking their soldiers or certain from view or opinions upon others, and to insure full and free exercise of civil rights.

## AMUSEMENT NOTES

## D. F. KEITH'S THEATRE

The Wilson sisters, Mae and Rose, are very naturally put in first position on the present week's bill at the D. F. Keith theatre. Their very great success as entertainers have won for them an enviable position in the entire field of vaudeville. The sisters are versed in about all that goes to make a vaudeville worth while. Their personalities leave nothing to be desired, and their ability to sing and dance and to play the violin and the piano make them very desirable. Their little running character is always a feature of their work. The girls have returned to the variety stage after being featured for months in "The Little Whopper."

Out of the Interior of China will come to us the Choy Ling Foo troupe of Chinese jugglers and jugglers.

They represent the very top notch of Chinese entertainment, and so wonderful are they considered to be in their native land that people travel many miles to witness their performances. They have been many times in American theatres, but comparatively few Chinese have ever appeared. Naturally reluctant to leave their homeland, these men were finally persuaded to take a brief trip to this country. They are the fortunate placed in the country. James Mallen, who is one of the finest men in the land, and Anne Francis will appear in a sidesplitting comedy tune called "Ain't We Got Fun?" The audience will agree not only that they are enjoying it, too. Marie S. Dewey and Mabel "Billie" Rogers will present "No Tomorrow," which is a pretty comedy offering, scenically and in every other way of first class. A pair of "bootleggers" are

THE HAPPY ELOPERS

First picture of Charlotte Demarest and Count Edward George Zichy on their honeymoon. The New York society girl eloped with the count the day before she was to have married George Burton, millionaire.

Low and Paul Murdock. They are dancers of the first water. Cross and Santoro are physical culture performers of note, and May Miller & Company will appear in a delightful musical skit.

**MERRIMACK SQUARE THEATRE**  
The William Fox special production of Mark Twain's famous comedy, "A Connecticut Yankee in King Arthur's Court," which opened a four days' engagement at the Merrimack Square theatre yesterday, deserves to rank with the best pictureizations of famous literary classics which Mr. Fox has given to the public. It made a remarkable impression at the opening performance yesterday.

"A Connecticut Yankee" is a purely American classic. It has been translated faithfully to the screen, and all the rollicking humor of the book is heightened by the visual appeal. Mark Twain was not a humorist alone; in each of his books, even the funniest, he pleaded a cause. In "A Connecticut Yankee" he argues for the modern way of doing things, and proves that we are lucky to be living today and not in the days of old when knights were bold.

Martin Cavendish, the Yankee young, shrewd, up-to-date, finds himself suddenly back in the middle ages, among King Arthur's Knights of the Round Table. His adventures there are made to play a part in Mark Twain's own modern love romance. There is hardly a moment without a laugh. Thanks to Emmett J. Flynn,

the director, the settings are superb—notably the scene of the tournament, wherein Martin, dressed as a cowboy and armed with revolver and lariat, routs all of King Arthur's knights. Prices for this big production are 20 and 35 cents. An excellent program of surrounding attractions has also been arranged.

**THE STRAND**  
"Grand Larceny," the headliner on the program for the first three days of the week at the Strand, is recognized as one of the big pictures of the year. Elliott Dexter and Claire Windsor are the stars and they receive the support of an excellent and well-balanced company. The story is a gripping melo-dramatic effort that will have a strong appeal for all classes and ages. The second feature of note presents Rick Jones in "Bar Nothin'," a western story that has enough action to satisfy every one. The comedy and Weekly will also be good and the musical offerings by Signor Cesare will help round out a bill that will be hard to equal hereabouts. Don't miss seeing it from beginning to end.

**RESOLUTIONS ADOPTED**  
At a recent meeting of the trustees of Westford academy resolutions were passed on the death of Joel Adams Bartlett, which occurred April 24, 1921. Mr. Bartlett had been a member of the board of trustees for 45 years.

## PORTLAND OFFICIALS VISITORS IN LOWELL

City officials of Portland, Me., including the mayor and chief of the fire department, visited Lowell Saturday while on a tour of inspection of modern fire apparatus and model firehouses in eastern Massachusetts cities. The visitors were shown about the city by Chief Edward F. Saunders of the local department and considerable

time was spent looking over the new white ladder truck at the Lawrence street house and the pumper and new house in the Highlands. So enthusiastic were the visitors about the new Highlands house that they asked for copies of the structural plans. They have visited a number of cities while on their tour, but found in Lowell they said, the most up-to-date equipment as contained in the Highlands house.

## "—A Sunbeam Tangled in Her Hair"

The Great Beauty Secret of Ancient Egypt

How often have you seen some such phrase used to describe the ultimate beauty of beautiful hair? Have you ever thought that your own hair could have that self-same glint and sheen? It can, and without the slightest suggestion of artificiality.

**Lura Liquid Shampoo**  
is actually the rediscovered beauty secret of ancient Egypt, used by queens and ladies of that picturesque land as a tonic for their hair.

Never was more luxuriant, more beautiful hair known than that of those beauties of the distant past. And its loveliness was due to the tonic Lenna.

A bottle of Liquid Henna Shampoo will last you for many weeks, as it requires a smaller quantity than any other shampoo, and therefore is the most economical shampoo on the market.

## A Perfect Shampoo

Lura has no equal as a shampoo—a shampoo for men, women and children. It is a sweet, cleansing liquid, and is far superior to other shampoos, its strength lying in its solution, which, being made entirely from pure coconut oil and other salutary ingredients, insures a greater solvent of greasy and oily matters that accumulate on the scalp and in the hair. On account of the strength of the solution, you will get a much quicker, heavier and more cleansing lather than is possible with other shampoos, which at once makes your shampooing expense very little.

## Brings Out the Glint

We want it definitely and clearly understood that Lura Liquid Henna Shampoo is not a coloring or a dye, and will not tint the hair one particle unless you so desire; and that a henna tint cannot be effectively acquired on one or two applications. It has been our experience that people who buy Lura Liquid Henna Shampoo for the henna effect have in mind that the product cannot be equaled anywhere as a shampoo, so you must realize at once the importance of a henna shampoo that combines a henna and liquid soap in one solution. If you do

not wish the Henna tonic, we recommend Lura Ideal Shampoo, which contains no henna. By continued use of Lura Liquid Shampoo, there will come the rich, beautiful, luxurious hair and you may rest assured that it beautifies and promotes hair health every time your hair is washed. LURA Henna Shampoo, over-size 8-oz. bottle; LURA Ideal Shampoo (without Henna), generous 6-oz. bottle. At all druggists.

**LURA Liquid Shampoo**

## You Can Get Beauty and Retain It With Fifteen Minutes' Work Daily

PHILADELPHIA JACK O'BRIEN (CENTRE) AND THE EXERCISES CONSTANCE TALMADGE EMPLOYS TO KEEP FIT AND BEAUTIFUL

BY PHILADELPHIA JACK O'BRIEN  
Athlete and Physical Director  
If women could be prevailed upon to continue their athletics with half the zeal with which they begin we should soon have a race of super-women.

But they are quicker to stop than to start.  
Men realize exercise is necessary to keep them fit for their work. They undertake it in moderation and keep it up.

But women want to accomplish everything at once. They want to lose flesh or gain it more quickly than possible. If they can't notice results the first week they discontinue.

The only women I find who exercise properly are theatrical women, because it is part of their job to stay fit.

The exercises I am describing today, which Constance Talmadge is shown doing so easily, are simple, but if every woman would practice them 15 minutes a day she quickly would gain beauty and health.

They are beneficial at all times, but particularly at this time of the year when the vitality is naturally low. The woman unused to exercise should not do each one more than four times

the first day, then on the fourth day increase to eight times, and after six days to 16.

Remember, muscles unused for a number of years are likely to be stiff when put into use. Do not let the stiffness discourage you. This merely shows you are getting results.

Take the exercises easily at first and do not stiffen the muscles. After each effort come back to normal position and relax. This is important.

The first exercise consists of bending the body to the side from the waist. This reduces the waistline and makes one willowy.

The second is the squatting exercise, promoting a good circulation. This makes eyes bright and complexion clear.

For the third exercise, bend forward as far as you can, keeping knees right and hands on hips. This will reduce the abdomen and strengthen the muscles, improving the figure.

Turn head and shoulders as far to one side as you can for number four. This twists the muscles about the waist and is excellent for liver and lungs.

For strengthening the torso there are no better exercises than five and

six. Lie flat on the floor and interlock the fingers back of the neck. Then raise the upper part of the body until the elbows rest on the knees.

Another good exercise is the windmill exercise. This consists in bending at the waist until you can touch the left foot with the right hand finger tips, and the right foot with the left hand finger tips.

For reduction of weight nothing is more effective than walking. Hold in the hands grips—that is, one-half pound weights covered with cork.

This will produce a perspiration and the flesh melts away as it by magic.

A muffler of silk or wool is tied about the neck with many folds so the throat is completely swathed, worn while doing the walking exercise, will effectively discourage the chin that is showing a desire to multiply.

Simply send your name and address to Dr. B. J. Caldwell, 114 Washington St., Monticello, Illinois. Write me today.

### STATE WIDE PRIMARY

Republicans Have Contests on Their Hands to Be Decided in Penn. Tomorrow

PHILADELPHIA, May 15.—Final appeals to the republican voters of Pennsylvania were made today by the opposing candidates for nomination at the state-wide primary election tomorrow. All political parties of the state will select candidates to be voted for in November, but only the republicans had contests on their hands.

Candidates to be named include two United States senators, governor, lieutenant governor, secretary of internal affairs and members of congress and the state legislature.

The most interesting fight is that between Attorney General George B. Alter, and Gifford Pinchot, former state forestry commissioner for the republican gubernatorial nomination. Both have conducted spirited campaigns and both claim they will win by wide margins. Pinchot's campaign manager predicts he will carry the state by a plurality of 150,000, while those of his opponent claim that Alter will have a plurality of at least 200,000 and possibly 250,000.

Alter has the support of Governor Spruiell, the city organizations of Pittsburgh and Philadelphia and many of the regular republican county leaders, while Pinchot is supported by leaders identified with the progressive party in 1912 and 1914 and some regular republican county leaders. The issues of the campaign have been along state lines. Both candidates are pledged to enforce the prohibition laws.

Another republican contest is that for the nomination of one of the two United States senators. Senator Geo. Wharton Pepper of Philadelphia is opposed by Congressman-at-large William J. Burke, of Allegheny county, for the unexpired term of the late Senator Penrose, running to March 1927. Pepper, who was appointed by Gov. Spruiell to succeed Penrose, until his successor was elected, has the support of organized labor and of many members of the American Legion.

David A. Reed of Pittsburgh is the regular organization candidate for the unexpired term of the late Senator Knox and also for the full term beginning next March. He has the support of both the Alter and Pinchot groups. Senator William E. Crew of Lebanon town, Knox's successor by appointment of Governor Spruiell, is not a candidate because of ill health.

There will be no contests in the democratic primary. John A. McSparran, head of the state senate, is the candidate for the democratic gubernatorial nomination.

**SAYS TEXTILE STRIKE IS ALREADY WON**

MANCHESTER, N. H., May 15.—"The New England textile strike is already won and will soon be ended," declared Frank H. McCarthy, organizer, American Federation of Labor, who arrived here from Boston to address mass meetings of striking employees of local mills last night. He asserted that as the strike entered its 14th week the manufacturers realized that the strikers would not retreat from their position opposing a 54-hour week and a 20 per cent pay cut. He asserted that to lose the strike would take \$2,000,000 yearly from the pockets of the strikers. In this city alone, and added them to stand firm. John Cannon, organizer for the United Textile Workers, declared that the present strike would be won and that the next move would be for a 44-hour week. References to the 14-hour week were greeted with prolonged applause.

### LAY CORNERSTONE OF TEWKSBURY CHURCH

Members of Lowell Masonic lodges and officers of the grand lodge were present Saturday afternoon at the laying of the cornerstone of the new Congregational church in Tewksbury Center. The exercises, which were under the auspices of Varnell lodge, A.F. of A.M., were conducted in accordance with the Masonic ritual.

A procession from the town hall to the site of the new church preceded the corner stone ceremonies.

As soon as the procession had reached the corner stone, Rev. Henry R. Mason requested the grand master to lay the corner stone according to Masonic usage. The exercises then opened with Worshipful Grand Master A. L. Prince and his suite performing the impressive ceremony. In the suite of the grand master were: Warden Horbert W. Dean, Chester; Junior Grand Warden Olin D. Dickerman, Newton; Grand Treasurer Charles H. Ramsay, Cambridge; Grand Marshal Frank W. Dobson, Lowell; Grand Chaplain Rev. Paul Sterling, Melrose; Senior Grand Deacon Harry A. Thompson, Lowell; Junior Grand Deacon Arthur L. Boud, Brockton; Grand Steward Chas. Deane, Boston; Charles W. Perry, Newburyport; and W. J. Cushman, Quincy; Grand Swordbearer Frank H. Hilton, Belmont; Grand Standard Bearer Walter A. Ladd, Somerville; Grand Tyler George W. Chester, Boston; Ar-

thur G. Pollard, past deputy grand master; Herbert E. Fletcher, past deputy Grand Master, and Charles S. Proctor, past grand warden.

### PLANS COMPLETE FOR K. OF C. MAY PARTY

The committee in charge of the May party of the Knights of Columbus has completed all arrangements for the event which will be held at Merrimack park tomorrow evening. To accommodate the expected crowd, the street railway has agreed to run extra cars to and from the park. The officers of the party are: Gen-

eral manager, John E. Hart, G.K.; assistant general manager, Roger J. Lang, D.G.K.; floor director, Arthur J. O'Neill; assistant floor director, Parker P. Daly; chief aid, Irving Loucraft. The general committee consists of Charles J. Landers, D. D.G.K., chairman; Andrew Molloy, P.G.K., George F. Keefe, John P. Roane, Jr., Henry F. Doran, D. J. O'Brien, Dr. James F. Gaffney, J. Eugene Mullin and Timothy P. Roan.

The proceeds will be used for the benefit of the council building fund.

## Buying Furniture in Lowell Is An Entirely Different Proposition

Here you buy of friends and neighbors, men and women that you have known all your life, men that you meet every day, men that you must meet socially and in the different organizations you belong to. Men and women that your father and mother, even grandfather and grandmother traded with. Men that are anxious to please you and would feel very badly if they failed in pleasing you. YOU'RE AT HOME to change and exchange till you get what suits you. Perhaps that is parochial. But it feels good when you have to buy goods the value of which you do not know, to be able to go to a local merchant you have confidence in and feel that this confidence will not be betrayed.

### THE TROUBLE WITH LOWELL MERCHANTS

Is that we are too conservative in our advertisements. We must get on to the metropolitan method. Make words do the service of facts. Advertise with an elaborate cut a Beautiful Parlor Suite worth, say, \$200.00, for \$69.95. It does not matter if it is covered with printed barlup instead of tapestry; in fact, all the better. It looks just as good in the picture. You don't want the customer who is attracted by your ad to buy it. Get him into the store, that's the idea; then have clever salesmen to shift him and make him buy a suite for \$200.00 that should be sold at \$150.00 at a fair profit. Give the clerk that makes the sale \$10.00 of the extra \$50.00 he gets from the customer and he will work his head off to make the sale.

You Say It Can't Be Done.

It's Done Every Day.

You say it will not pay in the long run.

Some of those stores doing it have made more money in five years than you have made in a lifetime.

Of course, you will have to spend many thousands of dollars a year in advertisements—more than the legitimate percentage of your possible sales. You will have to make your ads Loud, Vociferous, Screaming, on the plan that the traveling faker dentist had of a Brass Band with a blare band enough to drown the agonizing cries of his victims and attract new ones.

### YOU SAY YOU CAN'T DO IT

Well, we can't either, and we won't even try to. There are things we consider of much greater value than money in this world and some of these are your friendship and good will.

  - Joseph Silva, 1 d. prem. birth.
  - Edna Smith, 72, broncho-pneumonia.
  - James Bradley, 58, chr. heart disease.
  - Joseph Clement, 73 h. difficult labor.
- STEPHEN FLYNN, City Clerk.

**RAID AT SALISBURY BEACH**  
SALISBURY BEACH, May 15.—Chief Condon and other police officers today raided the clubhouse cottage on Railroad avenue, of which Arthur C. Turner of Haverhill is the alleged proprietor. They say they seized a quantity of moonshine whiskey.

## LOST

Salesmen's Sample Case containing stationery and supplies lost Monday morning between corner of Moody and Huse streets and Nashua, via boulevard. Owner's name in case. Reward if returned to John C. Fowler, 111 State St., Room 11-A, Boston, Mass.

# 13 KILLED, 70 HURT IN WRECK

Trains Collide Head-on Near Mexico City—Car Hurlled Into Gully

Most of the Victims Were Women and Children—Others May Die

MEXICO CITY, May 14. (By the Associated Press.)—Thirteen persons were killed and more than 70 injured today when a train car carrying a holiday crowd was catapulted into a deep canyon near Santa Fe, a small village adjacent to the capital, after colliding with another car at the top of a hill. Most of the victims were women and children.

The car, filled with pleasure seekers on their way to Desierto de los Leones, a popular resort near the capital, crashed head-on into a city-bound car. The collision did little damage but the car sped backward down the incline, the brakes failing to hold. It left the rails at a sharp curve, and was hurled into the gully.

## Routs Bandits Empty Handed

Continued  
Apparently wounded a second and routed the band empty handed. Passengers were not molested in the holdup which was staged at 1.10 a. m. in an isolated spot near Jaynes, a flag station, eight miles west of Tucson.

## Sack of Dynamite Found

The slain bandit was recognized by Sheriff Melander of Pinal county, as that of a Tucson pool room habitue. The man wore rubber gloves. Inside the body was found a sack of dynamite with which the bandits evidently intended to blow strongboxes in the mail and baggage cars. A railroad stop signal was used to halt the limited. Three masked men boarded the engine and a fourth stood guard over the passenger coaches. With revolvers leveled, they forced a tramp they discovered riding the "blind baggage" to assist them in uncoupling the mail and express cars. The engineer, obeying orders of the armed trio, rolled the cars about a dozen car lengths to a point where four other masked men were waiting in an automobile.

When the conductor looked out of the vestibule of a passenger coach to ascertain what had occurred, a member of the bandit gang opened fire. Meanwhile Stewart, the express messenger, had thrown open the door of the baggage car. When Stewart saw the conductor was in danger, he killed with one shot the bandit who had fired at the conductor. Stewart then wheeled and sent another bullet at four robbers who were advancing on the baggage and mail cars. One apparently hit, staggered and shouted to his comrades. Then all seven turned and scurried in two automobiles and sped west.

## Hearings for Indicted Men

Continued  
to ask for habeas corpus writs, thus forcing the state, if it wishes, to hold them without bail, to produce evidence upon which hanging verdicts are to be asked for the "Big Three" labor leaders, "Big Tim" Murphy, head of the Industrial Workers' union; Don Shea of the

## Theatrical Janitors' union and Fred Mader, president of the Chicago building trades council.

Million Dollar "Slush Fund"  
It is alleged by Henry Barrett Chamberlain, of the Chicago crime committee, that the labor men are equipped with a million dollar "slush fund" for the defense.

Police and state's attorneys connected with the case assert they have sufficient evidence to warrant continued confinement of the indicted men without bail.

## Antouing Confessions

"We have three astounding confessions," said Mr. Chamberlain. Alleged tactics employed by Fred Mader in obtaining the presidency of the building trades council were barred today by members of that organization who asserted that many members, antagonistic to Mader, were kept away by slugs from the meeting at which he was elected.

## Strike Set for Monday Halted

The building strike, scheduled by Mader for next Monday and involving 65,000 men has unofficially been called off, it is said. The men were asked to go out on strike as a protest against the open shop, declared in the 12 trades blacklisted by the citizens' committee, an organization to enforce the award handed down by K. M. Landis.

None of the 32 unions involved has voted on the question and leaders asserted that no vote would be taken until the council had been reorganized and men of clean records put in charge.

## Full Docket in Court Today

Continued  
near bear saloon at 11 Suffolk street, was arrested by Officer Clyde Aldrich after a search of his premises for liquor. This morning he was arraigned in court for illegal keeping, and on a plea of not guilty was continued on his personal recognizance until May 25.

Harry Farley, on a plea of not guilty to a charge of illegal keeping of liquor, was continued until May 27.

Delina Noval and Joseph Thibault answered to an alleged statutory charge. The woman was given a suspended sentence to Sherburne and the man fined \$10.

John Kloza pleaded guilty to drunkenness and breaking glass. The arresting officer said Kloza was fighting with the proprietor of a store and his clerk. The store is at the corner of Winter and South streets. When the officer found that glass had been broken, he placed Kloza under arrest. The man was released after paying for the glass and a fine of \$10 besides.

Michael Matuk was charged with drunkenness and assault and battery on a little girl 10 years of age. The little girl said she had been sent by her father, with whom Matuk was quarreling, to get a policeman, and that Matuk had followed and pushed her to the ground, cutting her hand. Officer Mahan told of seeing the little girl pushed and arrested. The man Matuk took the stand and refusing the services of an interpreter, contradicted the charge made against him. The case was placed on file and Matuk ordered to pay costs.

Joseph A. Drapary pleaded guilty to charges of drunkenness and operating an automobile on the boulevard while in this condition. Because of the seriousness of the latter offense, he was fined \$100, and the drunkenness charge filed.

Edward P. Sullivan appeared on a non-support complaint, but his wife, who had made the complaint, said she didn't want the support. Questioned by defendant's counsel, she denied any knowledge of her husband asking her sister to take their child, that he might clothe the little girl and care for her. She went into a lengthy consultation with Judge Enright and her husband's counsel, into which, after a time, the husband was called. The result was a finding of not guilty and Sullivan's discharge, the woman reiterating her independence.

Thomas F. Conway was charged with keeping an unlicensed dog. A great deal of delay was occasioned by the fact that he was arraigned as Joseph F. Conway. The case was continued for two weeks. Conway entered a plea of guilty and expressed a desire to pay for a license.

David Sapchistan was absent when he was called to appear for an alleged violation of the milk law. His wife was present and stated "he is drunk all the time." A capias was issued, and he will appear tomorrow, drunk or sober, according to the mandate of the court.

poulos paid a fine of \$75 on the more serious offense and had the drunkenness charge placed on file.

Francis R. Hannigan and Daisy Holbrook appeared on continuance, charged with a statutory offense. Officers Cooney and Moore appeared as witnesses for the prosecution, along with the woman's husband, and it was learned that the woman's little child was in the room with the offenders. The judge said he was inclined to be lenient with the woman, because of her child, but thought the man should suffer in full. Argument ensued on the part of counsel for the defense, but the man was sentenced to a year in the house of correction and the woman fined \$75. Hannigan appealed and was held for superior court.

Manuel Fratus appeared for drunkenness and pleaded guilty. However, Officer Mahan said he had received complaints of Fratus abusing little boys, injuring one of them slightly. A fine of \$10 was imposed.

Martin Salkowicz pleaded guilty to drunkenness and Officer W. H. Wilson brought an additional charge of assault upon a person on the street. As no one appeared on the second complaint, he was fined \$10 and given until Saturday to pay it.

Edward J. Coughlin pleaded guilty to a charge of drunkenness. It was shown that it was his third appearance. The arresting officer told the court that the young man hung around the depot in the small hours of the morning. On account of his good war record he was treated leniently, a suspended sentence of two months in the

house of correction being imposed. Thomas J. Keilber, charged with drunkenness and fighting with men who were trying to take him home, was pronounced "absolutely impossible" by the judge. It was his fifth appearance and his wife appeared to intercede for him. He stated that he would take the pledge and conduct himself differently if he were given another opportunity. The case was continued until Saturday, pending an investigation by the probation officer. John McNamara, after entering a plea of guilty to drunkenness, was given a suspended sentence to the state farm. William Lenois, continued from May 1, on a non-support charge, failed to appear and was defaulted.

## NOW MOIRE'S COMING BACK

There is a sudden vogue for moire. Not, to be sure, the stiff black moire of our grandmothers' Sabbath gown that would stand alone, but its modern incarnation.

This new moire is soft and lovely. It is satin-backed and has itself the texture of fine satin, draping exquisitely. It is shown in all the brilliant high

colors of the season with watered markings of various patterns. Godey's Ladies' Book would have approved of a moire dress in the style sketched. Its puckered blouse, loose bell sleeves and rows of pleated frills are reminiscent of the days of chignons and chaises. Not forgetting, besides, that they are decidedly fashionable in this season of 1922.

## RED CROSS TO QUIT EUROPE IN JUNE

PARIS, May 15.—(By the Associated Press)—The American Red Cross, after eight years of work, during which it expended more than \$100,000,000, will close its main activities in Europe at the end of June. This announcement was made yesterday by Dr. Ross Hill, director of foreign operations, who has just returned from a two months' survey of Europe, extending from Warsaw to Constantinople.

Dr. Hill said he believed there no longer was any need for American relief effort in the war-affected countries. The welfare of the peoples of Europe was better than at any time since the war, due largely to American aid.

"I had no tendency among peoples or governments to complain of our withdrawal," he said, "but, on the other hand, every country requests that a certain personnel be permitted to remain temporarily in advisory capacities in order to make more certain the continuance of Red Cross work by the government themselves. The Junior Red Cross will continue in certain countries, in such cases the work will be done in co-operation with the Junior Red Cross societies of which Judge Payne is chairman."

## SOCIALISTS NAME STATE TICKET

BOSTON, May 15.—Walter S. Hulett of Greenfield was nominated as the socialist candidate for governor at the two-day convention of the socialist party of Massachusetts in Faneuil hall, which ended yesterday afternoon.

The other nominees of the party are: Thomas Nicholson of Methuen, Lieutenant governor; A. Sprague Coolidge of Pittsfield, secretary of state; Dennis Regan of Brockton, state treasurer; Miss Edith Williams of New Bedford, state auditor; Joseph Berach of Boston, attorney general; John Weaver Sherman of Boston, United States senator.

In its platform the party calls upon all American workers and upon citizens "to free the commonwealth of Massachusetts from the oppressive misrule of the old political parties and

## BANDIT THROWS BAG OVER MAN'S HEAD

WHITMAN, May 15.—George S. La Brache of 93 Stetson street was stopped early yesterday morning near his home by a man who, after throwing a bag over his head, tried to rob him. It is evident that the thief was acquainted with Mr. La Brache's habits, for the latter had left his place of business only a short time before and had the day's receipts with him.

At first Mr. La Brache thought the holdup was a joke, but when the man reached for his waist he shouted for assistance.

Mrs. Leon A. Sparhawk, who lives a short distance from the scene of the holdup, heard the shouts and sent a call to the police. In the meantime Mr. La Brache fought with the man, who escaped after failing to get the money.

When the police arrived, Mr. La Brache was unable to give a good description of the man.

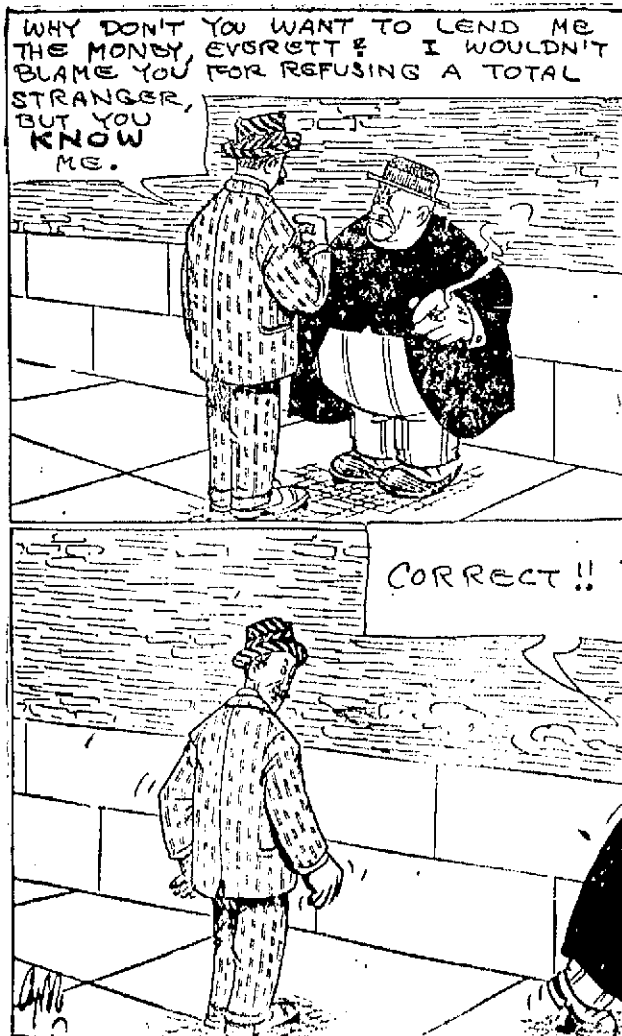

to take the government into their own hands upon a platform of social justice."

On the unemployment situation the convention adopted the following:

"The old political parties, as represented in the democratic and republican organizations, in state and national affairs have failed miserably before the problem. From the latest figures available 1,000,000 people are unemployed in Boston alone, and 300,000 in the entire commonwealth; thousands of these unfortunate workers are actually in need of both food and clothing, but our republican and democratic officials have taken no steps which will adequately deal with this problem."

LYNN PIGEON WINS RACE  
MELROSE, May 15.—A bird from the coop of James McHugh of the Lynn Pigeon club, won the 100-mile race of the United Homing Pigeon yesterday. The bird was the fastest on the wing of a flock of 110 released at Adams. It flew the 104 miles at an average speed of 1317.5 yards per minute.

## Ask for the test

We send to every home that asks a 10-Day Tube of Pepsodent.

Send the coupon for your family's sake, then watch the delightful effects.

# Beauty Without Grit

Without any harm to the teeth

Don't try to whiten teeth with grit that scratches the enamel. That's harmful. Use a soft polishing agent—the Pepsodent agent. Then combat the dingy film twice daily in this new, effective way.

That's what millions of people the world over are doing, largely by dental advice. Look about you and see the beautiful teeth that result.

## Clouded by film

Teeth are clouded by a film. It clings to teeth, gets between the teeth and stays. Stains enter it, then the film, if left, forms the basis of dingy coats. That's why teeth lose luster. Film is also the basis of tartar.

Most tooth troubles are now traced to that film. It holds food substance which ferments and forms acid. It holds the acid in contact with the teeth to cause decay.

Germs breed by millions in it.

They, with tartar, are the chief cause of pyorrhea.

## Stays on teeth

Under old methods, much of that film remained on teeth. It made teeth cloudy. Night and day it threatened serious damage. That's why so many brushed teeth discolored and decay. Tooth troubles have been constantly increasing.

Now dental science, after long research, has found two film combatants. Able authorities have proved their efficiency. Now leading dentists almost the world over are urging their daily use.

A new-type tooth paste has been created, based on five modern requirements. The name is Pepsodent. These two great film combatants are embodied in it for daily application.

## Old ways wrong

Pepsodent also aids Nature in two essential ways. It multiplies the starch digestant in the saliva.

That is there to digest starch deposits on teeth before they ferment and form acids.

It multiplies the alkalinity of the saliva. That is Nature's neutralizer for the acids that cause decay.

Every use of Pepsodent thus gives manifold power to Nature's great tooth-protecting agents. Old-time tooth pastes had the opposite effect. They reduced mouth alkalinity, reduced the starch digestant with every application. That was due to their soap and chalk.

We urge you to see and feel these effects, then judge how much they mean.

Send the coupon for a 10-Day Tube. Note how clean the teeth feel after using. Mark the absence of the viscous film. See how teeth whiten as the film-coats disappear. Watch these delightful effects for a few days and you will always want them. Cut out the coupon now.

**RUSSIA WOULD  
JOIN LEAGUE**

## Providing Genoa Conference Succeeded From the Soviet Viewpoint

## If Conference Fails, Moscow Would Continue Its Policy of Opposition to League

GENEVA, May 15. (By the Associated Press).—The soviet delegates at Genoa informed the league of nations' experts there that Russia desired to cooperate with the league and become

a full fledged members within a reasonable time, provided the conference succeeded from the soviet viewpoint. The league's experts have just reported this to the league council, which is meeting here.

The Russians added that if the Genoa conference failed, Moscow would continue its policy of opposition to the league in the theory that Russia could not expect anything from an organization composed chiefly of member states with which it had been unable to reach an agreement.

The league officials here regard these unofficial overtures for peace from the Bolsheviks as very significant in view of the bitter opposition of Moscow to the organization in the past.

## Washington Withholds Decision on Invitation to the Newly Planned Economic Conference at Hague

## ACTION COMES AS A SURPRISE

U. S. Government Had Not Suggested Invitation and Was Uninformed of Plan

Question Expected to Be Discussed at Tomorrow's Cabinet Meeting

## Agreement to Hold Session at The Hague June 15 Approved at Genoa

GENOA, May 15.—(By the Associated Press)—The economic sub-commission of the conference today unanimously approved the agreement reached yesterday among the convening powers to hold another meeting at the Hague beginning June 15, to further examine the Russian question.

The plan provides for creation of two commissions to assemble at The Hague to consider Russian financial problems.

The plan, as approved, also provided that an invitation to participate be extended to the United States.

A copy was forwarded to the Russians, who called a meeting of their delegation this afternoon to consider it.

Lloyd George Presents Proposal

GENOA, May 15.—(By the Associated Press)—Prime Minister Lloyd George announced this afternoon that he had handed to Richard Washburn Child, the American ambassador, a copy of the proposal for the convocation to all at The Hague to discuss Russian affairs. He said this had been done so that the United States would be fully advised in case Russia accepts.

Mr. Lloyd George expressed the hope that the United States would see fit to join the mixed commission.

## FORCE OF CITY SPARROW MEN CUT DOWN TODAY FROM 58 TO 38

Reduction Made Possible by New System of Night Street Cleaning by Machines Put Into Effect Saturday at Midnight—Men Transferred to Repair and Cleaning Gangs in Residential Sections

Today marks the break in the force of city sparrow-men, when 20 of these employees were transferred from routes on downtown smooth-paved streets to rough gangs and cleaning gangs in outer sections of the city. This move, under contemplation for some time, reduces the number of sparrow-men from 58 to 38.

The change has been made possible by the new policy of night street cleaning by motor vehicles, instituted Saturday night by Supt. of Streets Harry Doherty. Hereafter all downtown smooth-paved streets will be brushed nightly with the two machines, beginning at midnight. During the daytime the machines will work on other paved thoroughfares outside the downtown district.

## "PROBLEM OF THE PACIFIC"

Chile and Peru, Estranged for 40 Years, Join in New Effort

Representatives of All Governments at Conference in Washington

WASHINGTON, May 15 (by the Associated Press)—Chile and Peru, estranged for 40 years by their dispute over Tacna-Arica, joined here today in a new effort to compose their differences and remove the "problem of the Pacific" as a source of international friction in Latin America.

The conference was opened in the presence of official representatives of all the governments of the world and within the Pan-American Union building where the sessions of the annual conference were held.

Hughes Sounds Keynote

As spokesman for President Harding, who invited the two governments to discuss their problem here, Secretary Hughes was accorded the task of calling the conference to order and sounding its keynote in an address expressing the anxious but impartial interest of the United States in an agreement.

Luis Izquierdo was delegated to represent for Chile and Milton Parry, for Peru. In prepared addresses each declared the willingness of his government to accept a fair and just settlement and the hope of his delegation that the negotiations would be a success.

Distinct Gathering

One of the most distinguished gatherings Washington has seen in many years made up the list of invited guests. Seats were reserved for all the members of the foreign diplomatic corps.

Stewart killed one of the robbers, Continued to Page 8

## BELIEVE BICYCLE THEFTS CLEARED UP

That bicycle thefts during the last three weeks, amounting to more than twenty in all, have been accounted for by the arrest of Walter Sakila, a 14-year-old boy residing at 7 Devlin's court, Centralville, a probationer from the Lyman school, who has been confronted at frequent intervals lately by owners of stolen bicycles.

Officer Ann Butler saw a boy riding a bicycle in Lakeview avenue, which answered the description of one stolen a couple of weeks ago. The boy was placed under arrest and sent to the station under suspicion, where Sergeant Kennedy secured the information which may result in clearing up the situation. As a result of the boy's confession, a hiding place was unearthed in which the machines had been taken apart and reassembled with their identifying numbers released. Four were found intact, and several others lying about, not yet reconstructed.

The boy will probably be returned to the school or brought into juvenile court on Friday.

NEW YORK CLEARING  
NEW YORK, May 15. Exchanges, \$202,000,000; balances, \$62,300,000.

## AUTOMOBILES PASS BY THOUSANDS

Based upon observation and actual count, taken at several different times and covering periods of three or four minutes each, automobiles of the pleasure car type, passed through Merrimack Square yesterday between the hours of 5.30 and 7 p. m. at a rate of 34 machines a minute, for a grand total of 3060 cars during the 90 minutes that elapsed.

While this total is tremendous in itself and far, far above the average that might rest in the mind of the casual observer, what is even more significant as a mark of evolution, is the fact that not one single horse-drawn vehicle passed in that hour and a half.

Yesterday was atmospherically perfect for automobile riding and the great load of traffic borne by the highways clearly shows to what heights this pleasure will mount when the peak is attained in mid-summer.

## FIGHTS PURCHASE OF UNIFORMS

Councilor Sadlier Says Men of Police Department Do Not Want Them

Declares Council Members Are With Him in Effort to Stop Proposal

Questions Legality of Move Unless Made Through Office of Purchasing Agent

Declaring that if the acting superintendent of police desires to purchase new uniforms for the men of his department he must do so through the office of the city purchasing agent and through the medium of a properly approved regulation, and declaring further that after consulting more than a score of patrolmen he is of the belief that the men do not want the new uniforms, Councilor Fred A. Sadlier of ward 4 today stated that he was attempting to line up the entire personnel of the city council against the acting superintendent's proposed purchase.

Councilor Sadlier has instituted an investigation into the proposed purchase of new uniforms for the police department in his position as chairman of the council committee on public safety.

"As I understand it, the acting superintendent of police has contracted with a Boston firm to furnish new summer uniforms for the men at an individual cost of \$17, half of which amount is to be paid by the men themselves," said Councilor Sadlier this noon. "I have talked with more than a score of men in the department, and I know that they do not want the new military style blouse."

"Moreover, it is not alone the cost of \$17 that is to be considered, but it means that military soldiers would have to be placed on dress uniforms and overcoats."

Councilor Sadlier also alleged that local clothing firms have offered to supply new uniforms at prices lower than those quoted by the company in Boston from whom the acting superintendent intends to purchase.

The councilor stated that the majority of the council coincides with his stand in the matter, and in a manner he has been deputed to represent the body in any investigation he cares to make. Late today he intends to take the matter up with the city auditor in a discussion of the legality of a purchase made in other than the usual manner.

## ORDERS PAYMENT OF BILL STOPPED

Mayor Brown today ordered payment held up on a bill presented to the city by Walter B. Goyette, for a collision insurance policy. The bill previously had been questioned by the budget and audit commission.

## Public Service Board Member and Counsel for Plant Co. in Lively Tilt at Board Meeting Today

## Supreme Court Holds Child Labor Law Unconstitutional and Invalid

WASHINGTON, May 15.—The child labor law was today held by the supreme court to be unconstitutional and not valid. The decision of the court was rendered in a case brought by the government against the Drexel Furniture Co., of North Carolina, and was one of three cases brought in that state testing the validity of the law. In all the cases the United States district court decided against the government.

## Great Britain Asks U. S. to Assist in Investigation of Atrocities

LONDON, May 15.—(By the Associated Press)—Great Britain has asked for the co-operation of the United States, France and Italy in investigating the recent atrocities by Turks on Christian minorities in Asia Minor reported by the American Relief Administration recently. It was announced in the house of commons today. The announcement was made by Austen Chamberlain, the government leader. He said Lord Curzon, the foreign secretary, was requesting the American, French and Italian governments each with Great Britain, to designate a carefully selected officer to proceed to Trebizond or some other Black sea port with a view to the investigation.

## WANTS PROBE OF TEXTILE STRIKE

Union Organizer Urges State to Conduct Investigation of Dispute

Declares Strikers Ready to Lay Their Side Before Any Fair Minded Body

Manufacturers Hold Aloof—1000 Pickets at Pacific Mills—Bosses Boomed

LAWRENCE, May 15.—Declaring that the United Textile Workers of America now on strike in Lawrence textile plants for the eighth successive week "are desirous of placing their case before any body of fair minded men and women and will conceal nothing, while on the other hand, the manufacturers hold aloof and hope to win by other tactics because they realize if an expensive or an honest investigation took place there would be no chance of imposing a wage cut," organizer Francis J. Gorman today in a statement asked for an investigation of the dispute.

"The state of Massachusetts," he said, "in the interests of the general public should waste no time in bringing about this investigation. Politicians would do well not to close their eyes to this industrial situation. Men and women in the textile industry are demanding more consideration and want to be treated as American citizens, not automata, to be handled exclusively for the accumulation of profit."

He declared that "unfair employers are allowed to defy all moral obligations and to hamper whatever legal means may be taken to bring about an adjustment."

The statement concludes: "Why don't the manufacturers come out in the open and be consistent with what they advocated during the war?"

There were about 1000 pickets near the Lower Pacific mill gate this morning and office employees and overseers were heard as they went to work.

NEW YORK, May 15.—Four of the men indicted with Charles W. Morse, Alphonse and his three sons for using the mails to defraud, withdrew their tentative plans of not guilty today and filed motions to quash the indictment on the ground of insufficient evidence.

## HEARINGS FOR INDICTED MEN

Attorneys for Labor Leaders Held at Chicago to Ask for Habeas Corpus Writs

Report Labor Men Have Million Dollar "Slush Fund" for Defense

Police Claim Sufficient Evidence to Hold Men Without Bail

CHICAGO, May 15.—Eight labor men indicted on murder charges in connection with Chicago's labor war will have preliminary hearings today before Richard S. Hamilton, chief justice of the criminal court.

Their attorneys have been instructed Continued to Page 8

## STRIKERS SAY ONLY 450 OPERATIVES AT WORK

That only about 450 operatives are employed at the Hamilton mills today is the contention of the strike officials, who stated this noon that according to reports of pickets about 600 were through the gates of the plant at 7 o'clock, but an hour later 169 came out again. The strike officials feel that the mill is losing ground and base their belief on the fact that among those who came out of the mill were many recognized as men and women who were employed there last week.

General Organizer Thomas J. Reagan of the United Textile Workers of America, stated this morning that he does not know whether the operatives were turned back because of lack of work, or if the men and women returned to work after being informed of the wage that would be paid them. He believes, however, that yesterday's mass meeting on the North common had some bearing on the reduction in the number employed at the mill.

Mr. Reagan stated that many pickets were on hand in Jackson street when the mill gates opened this morning. They were stationed at the two gates of the mill and as the operatives filed by they counted them and when the figures were put together later it was found that about 600 had gone into the mill. About an hour later the same

## QUESTION OF ASPHALT AGAIN

Bowers Wants Proof That Company Involved is Equipped for the Work

Atty. Hennessy Admits That Local Contract Would Be Concern's First Job

A spirited tilt between George Bowers, public service board member, and J. Joseph Hennessy, counsel for the Plant Engineering company, featured a meeting this noon of the board of public service, called for the purpose of taking some action on awarding this year's contract for the supplying of street asphalt.

As was believed, Mr. Bowers did not look with favor upon the Plant Co. and during the discussion commitments were exchanged that seemed well draped with barbs.

When the matter was taken up Dennis J. Murphy, chairman of the board asked if there was anyone present to represent the Plant Co., low bidder, when the proposals were last opened. Attorney Hennessy said that he was the local counsel of the company and would be glad to answer any questions relative to its business.

Chairman Murphy said that he wanted to know a little something about the company's history. Mr. Hennessy replied that the company was a corporation organized in April and capitalized for \$50,000. He said that the president of the firm was Edwin S. Hill of Boston, a well known banker. He said that a Mr. McGraw was to have charge of the work and told about his qualifications. He further added that the company was willing to furnish a surety bond of \$10,000 that the work

## FULL DOCKET IN COURT TODAY

48 Law Violators of All Sorts Present to Say "Good Morning, Judge"

Releases, Continuances, Fines and Sentences Ground Out in Mill of Justice

District court was an extremely busy place this morning, for when Judge Thomas J. Enright appeared on the bench he found 48 drunken offenders, four persons charged with statutory offenses, three with charges of liquor law violations against them, two each for non-support, assault and battery and violations of the motor vehicle law, and one each for keeping an unlicensed dog and violation of the milk law. A number of the drunken offenders were released, several were granted fines and sentences and fines imposed in the 70-massenger of cases. The total of fines assessed and paid was \$255.

James A. McLaughlin pleaded guilty to a charge of illegal keeping of intoxicants, but when he was fined \$100, entered an appeal. It appears that Billerica officers had suspected for some time that liquor was being made in the locality of the defendant's home, and on Saturday morning warrants were taken out and with the assistance of Federal Officer J. Walter Bowers, Chief of the town police and Officers O'Brien, O'Connor and White pounced upon McLaughlin's camp and found a 25-gallon still in operation, with about 100 gallons of mash, a quantity of liquor and a supply of sugar, grain and other supplies. The other houses were searched without result. McLaughlin was arrested and brought to the local station.

## Washington Withholds Decision on Invitation to the Newly Planned Economic Conference at Hague

## ACTION COMES AS A SURPRISE

U. S. Government Had Not Suggested Invitation and Was Uninformed of Plan

Question Expected to Be Discussed at Tomorrow's Cabinet Meeting

Agreement to Hold Session at The Hague June 15 Approved at Genoa

GENOA, May 15.—(By the Associated Press.) The political sub-commission of the economic conference today unanimously approved of the agreement reached yesterday among the convening powers to hold another meeting at the Hague beginning June 15, to further examine the Russian question.

The plan provides for creation of two commissions to assemble at The Hague to consider Russian financial problems.

The plan, as approved, also provided that an invitation to participate be extended to the United States.

A copy was forwarded to the Russians, who called a meeting of their delegation this afternoon to consider it.

Lloyd George Presents Proposal

GENOA, May 15.—(By the Associated Press.) Prime Minister Lloyd George announced this afternoon that he had handed to Richard Washburn Child, the American ambassador, a copy of the proposal for the commission to sit at The Hague to discuss Russian affairs. He said this had been done so that the United States would be fully advised in case Russia accepts.

Mr. Lloyd George expressed the hope that the United States would see fit to join the mixed commission.

WASHINGTON, May 15.—A communication from American Ambassador Child reporting that the United States government had been invited to participate in the newly planned economic conference at The Hague was continued to Page Nine

## FORCE OF CITY SPARROW MEN CUT DOWN TODAY FROM 58 TO 38

Reduction Made Possible by New System of Night Street Cleaning by Machines Put Into Effect Saturday at Midnight—Men Transferred to Repair and Cleaning Gangs in Residential Sections

Today marks the break in the force of city sparrow-men, when 20 of these employees were transferred from routes on downtown smooth-paved streets to repair gangs and cleaning gangs in outer sections of the city. This move, under contemplation for some time, reduces the number of sparrow-men from 58 to 38.

The change has been made possible by the new policy of night street cleaning with motor vehicles, instituted Saturday night by Supt. of Streets Harry Doherty. Hereafter all downtown smooth-paved streets will be brushed nightly with the two machines, beginning at midnight. During the daytime the machines will work on other paved thoroughfares outside

the downtown district.

The downtown streets Sunday clearly showed the result of Saturday night's work, as they have not looked in such a clean condition for a number of years. If merchants could be persuaded to sweep sidewalks in front of their places of business after the Saturday night closing time, the appearance of both streets and sidewalks would be even more satisfactory, said Supt. Doherty today.

Night street cleaning has become a necessity and is in vogue in practically every large city. In Worcester, for example, all downtown streets are flushed with water at high pressure every night, while Springfield uses water and cleaning machines as well.

## "PROBLEM OF THE PACIFIC"

Chile and Peru, Estranged for 40 Years, Join in New Effort

Representatives of All Governments at Conference in Washington

WASHINGTON, May 15.—(By the Associated Press.) Chile and Peru, estranged for 40 years by their dispute over Tacna-Arica, joined here today in a new effort to compose their differences and remove the "problem of the Pacific" as a source of international friction in Latin-America.

The conference was opened in the presence of official representatives of all the governments of the world and within the Pan-American Union building where the sessions of the armaments conferences were held.

Hughes Sounds Keynote

As spokesman for President Harding, who invited the two governments to discuss their problem here, Secretary Hughes was accorded the task of calling the conference to order and sounding its keynote in an address expressing the anxious but impartial interest of the United States in an agreement.

Luis Izquierdo was delegated to respond for Chile and Meliton Porras, for Peru. In prepared addresses each declared the willingness of his government to accept a fair and just settlement and the hope of his delegation that the negotiations would be a success.

Distinguished Gathering

One of the most distinguished gatherings Washington has seen in many years made up the list of invited guests. Seats were reserved for all the members of the foreign diplomatic corps.

Stewart killed one of the robbers, Continued to Page 8

## BELIEVE BICYCLE THEFTS CLEARED UP

That bicycle thefts during the last three weeks, amounting to more than twenty in all, have been accounted for by the arrest of Walter Sakha, a 14-year-old boy residing at 7 Devlin's court, Centralville, a probationer from the Lyman school, is the hope of the local police, who have been confronted at frequent intervals lately by owners of stolen bicycles.

Officer Ara Ruller saw a boy riding a bicycle in Lakeview avenue which answered the description of one stolen a couple of weeks ago. The boy was placed under arrest and sent to the station under suspicion, where Sergeant Kennedy secured the information which may result in clearing up the situation. As a result of the boy's confession, a hiding place was unearthed in which the machines had been taken apart and reassembled with their identifying numbers missing. Four were found intact, and several others lying about, not yet reconstructed.

The boy will probably be returned to the school or brought into juvenile court on Friday.

NEW YORK CLEARINGS  
NEW YORK, May 15. Exchange, \$292,000,000; balances, \$62,300,000.

## AUTOMOBILES PASS BY THOUSANDS

Based upon observation and actual count, taken at several different times and covering periods of three or four minutes each, automobiles of the pleasure car type, passed through Merrimack Square yesterday between the hours of 5.30 and 7 p. m. at a rate of 34 machines a minute, for a grand total of 3060 cars during the 90 minutes that elapsed.

While this total is tremendous in itself and far, far above the average that might rest in the mind of the casual observer, what is even more significant as a mark of evolution, is the fact that not one single horse-drawn vehicle passed in that hour and a half.

Yesterday was atmospherically perfect for automobile riding and the great load of traffic borne by the highways clearly shows to what heights this pleasure will mount when the peak is attained in mid-summer.

## FIGHTS PURCHASE OF UNIFORMS

Councilor Sadlier Says Men of Police Department Do Not Want Them

Declares Council Members Are With Him in Effort to Stop Proposal

Questions Legality of Move Unless Made Through Office of Purchasing Agent

Declaring that if the acting superintendent of police desires to purchase new uniforms for the men of his department he must do so through the office of the city purchasing agent and through the medium of a properly approved requisition, and declaring further that after consulting more than a score of patrolmen he is of the belief that the men do not want the new uniforms, Councilor Fred A. Sadlier of ward 4 today stated that he was attempting to line up the entire personnel of the city council against the acting superintendent's proposed purchase.

Councilor Sadlier has instituted an investigation into the proposed purchase of new uniforms for the police department in his position as chairman of the council committee on public safety.

"As I understand it, the acting superintendent of police has contracted with a Boston firm to furnish new summer uniforms for the men at an individual cost of \$17, half of which amount is to be paid by the men themselves," said Councilor Sadlier this noon. "I have talked with more than a score of men in the department, and I know that they do not want the new military style blouse."

"Moreover, it is not alone the cost of \$17 that is to be considered, but it means that military collars would have to be placed on dress uniforms and overcoats."

Councilor Sadlier also alleged that local clothing firms have offered to supply new uniforms at prices lower than those quoted by the company in Boston from whom the acting superintendent intends to purchase.

The councilor stated that the majority of the council members with him in the matter, and in a manner he has been deputized to represent the body in any investigation he cares to make. Late today he intends to take the matter up with the city solicitor in a discussion of the legality of a purchase made in other than the usual manner.

## ORDERS PAYMENT OF BILL STOPPED

Mayor Brown today ordered payment held up on a bill presented to the city by Walter E. Goyette, for a collision insurance policy. The bill previously had been questioned by the budget and audit commission.

## Great Britain Asks U. S. to Assist in Investigation of Atrocities

LONDON, May 15.—(By the Associated Press.)—Great Britain has asked for the co-operation of the United States, France and Italy in investigating the recent atrocities by Turks on Christian minorities in Asia Minor reported by the American Relief Administration recently. It was announced in the house of commons today. The announcement was made by Austen Chamberlain, the government leader. He said Lord Curzon, the foreign secretary, was requesting the American, French and Italian governments each with Great Britain, to designate a carefully selected officer to proceed to Trebizond or some other Black sea port with a view to the investigation.

## WANTS PROBE OF TEXTILE STRIKE

Union Organizer Urges State to Conduct Investigation of Dispute

Declares Strikers Ready to Lay Their Side Before Any Fair Minded Body

Manufacturers Hold Aloof—1000 Pickets at Pacific Mills—Bosses Boomed

LAWRENCE, May 15.—Declaring that the United Textile Workers of America now on strike in Lawrence textile plants for the eighth successive week "are desirous of placing their case before any body of fair minded men and women and will conceal nothing, while on the other hand, the manufacturers hold aloof and hope to win by other tactics because they realize if an exposure or an honest investigation took place there would be no chance of imposing a wage cut," Organizer Francis J. Gorman today in a statement asked for an investigation of the dispute.

"The strike of Massachusetts," he said, "in the interests of the general public should waste no time in bringing about this investigation. Politicians would do well not to close their eyes to this industrial situation, men and women in the textile industry are demanding more consideration and want to be treated as American citizens, not automata, to be handled exclusively for the accumulation of profit."

He declared that "unfair employers are allowed to defy all moral obligations and to hamper whatever legal means may be taken to bring about an adjustment."

The statement concludes: "Why don't the manufacturers come out in the open and be consistent with what they advocated during the war?" There were about 1200 pickets near the Lawrence Pacific mill gate this morning and office employees and overseers were loosed as they went to work.

## HEARINGS FOR INDICTED MEN

Their attorneys have been instructed Continued to Page 8

## STRIKERS SAY ONLY 450 OPERATIVES AT WORK

That only about 450 operatives are employed at the Hamilton mills today is the contention of the strike officials, who stated this noon that according to reports of pickets about 600 went through the gates of the plant at 7 o'clock, but an hour later 160 came out again. The strike officials feel that the mill is losing ground and lose their belief on the fact that among those who came out of the mill were many recognized as men and women who were employed there last week.

General Organizer Thomas J. Reagan of the United Textile Workers of America stated this morning that he does not know whether the operatives were turned back because of lack of work, or if the men and women refused to work after being informed of the wage that would be paid them. He believes, however, that yesterday's mass meeting on the North common had some bearing on the reduction in the number employed at the mill.

Mr. Reagan stated that many pickets were on hand in Jackson street when the mill gates opened this morning. They were stationed at the two gates of the mill and as the operatives filed by they counted them and when the figures were put together later it was found that about 600 had gone into the mill. About an hour later the same

## QUESTION OF ASPHALT AGAIN

Bowers Wants Proof That Company Involved is Equipped for the Work

Atty. Hennessy Admits That Local Contract Would Be Concern's First Job

A spirited tilt between George Bowers, public service board member, and Joseph Hennessy, counsel for the Plant Engineering company, featured a meeting this noon of the board of public service, called for the purpose of taking some action on awarding this year's contract for the supplying of street asphalt.

As was believed, Mr. Bowers did not look with favor upon the Plant Co. and during the discussion compliments were exchanged that seemed well fringed with barbs.

When the matter was taken up Dennis J. Murphy, chairman of the board asked if there was anyone present to represent the Plant Co. Low bidder, when the proposals were last opened. Attorney Hennessy said that he was the local counsel of the company and would be glad to answer any questions relative to its business.

Chairman Murphy said that he wanted to know a little something about the company's history. Mr. Hennessy replied that the company was a corporation organized in April and capitalized for \$50,000. He said that the president of the firm was Edwin S. Hill of Boston, a well known banker. He said that a Mr. McGuire was to have charge of the work and told about his qualifications. He further added that the company was willing to furnish a surety bond of \$10,000 that the work

## FULL DOCKET IN COURT TODAY

48 Law Violators of All Sorts Present to Say "Good Morning, Judge"

Releases, Continuances, Fines and Sentences Ground Out in Mill of Justice

District court was an extremely busy place this morning, for when Judge Thomas J. Enright appeared on the bench he found 48 drunken offenders, four persons charged with statutory offenses, three with charges of liquor law violations against them, two each for non-support, assault and battery and violations of the motor vehicle law, and one each for keeping an unlicensed dog and violation of the milk law. A number of the drunken offenders were released, several were placed on file, a few continuances were granted and jail sentences and fines imposed in the remainder of cases. The total of fines assessed and paid was \$235.

James A. McGuinness pleaded guilty to a charge of illegal keeping of intoxicants, but when he was fined \$100, entered an appeal. It appears that Billie officers had suspected for some time that liquor was being made in the locality of the defendant's home, and on Saturday morning warrants were taken out and with the assistance of Federal officer J. Walter Bowers, Chief Lexington of the town police and Officers O'Brien, O'Connor and White, proceeded upon McGuinness' camp and found a 25-gallon still in operation, with about 100 gallons of mash, a quantity of liquor and a supply of sugar, grain and other supplies. The other houses were searched without result. McGuinness was arrested and brought to the local station.

## RADIO BRINGS THE MAGNIFYING VIOLIN

NEW YORK, May 15.—Radio has caused the invention of a special "magnifying violin."

It is the product of Harold Stern, director of a New York hotel orchestra. Stern has been broadcasting violin music from the large stations around New York, using his invention as the

HAROLD STERN AND HIS "MAGNIFYING VIOLIN"

Instrument. He says he made it especially for this purpose.

The "magnifying violin" is similar to others except for the body or sounding box. Instead of the body, Stern has attached a cylindrical metal box out of which projects a horn.

When he draws the bow over the string, Stern says he gets a much louder sound out of the instrument. The lower tones are even superior to those produced on the regular violin, he adds.

Another surprising feature about this "magnifying violin" is that it can be used as a recording instrument during the radio concerts. All that need be done is separate the electrical sounding box and horn from the rest of the instrument and attach it to the telephone receivers.

**RADIO PRIMER**

Varicooper—A coupler whose secondary is so constructed in relation to the primary as to rotate from a position parallel to the primary coil to one at right angles to it. When the secondary coil is parallel to the primary, the varicooper is said to be at its maximum magnitude of inductance. When the coils are at right angles to each other, no inductance is possible.

## ELIMINATE RADIO SIGNAL BUZZING

CHICAGO, May 16. (By A. P.)—Elimination of the "crackling and buzzing" accompanying radio signals, which have proved one of the greatest obstacles in the development of that science, has been accomplished by United States army experts, it is announced. The invention, which separates all static noises from the radio signal was perfected by Major J. C. Mauborgne, signal officer of the Sixth corps area, and Dr. Louis Cohen of Geo. Washington university, consulting engineer of the war department, after more than two years' experimentation.

The separation of signals from static noises, caused by the electrical charges in the atmosphere, is accomplished by a drain coil of wire, the length of which varies with the distance from which signals are received. The strength of the signal is not affected by the draining process, according to Dr. Cohen and the signals may even be amplified.

## MAKE LIFE BRIGHTER FOR BUSINESS GIRLS

Gertrude Robinson-Smith believes the girl who gets the worst deal from the big city is the self-supporting girl of the middle class. She says:

"There are organizations supplying social recreation for girls not self-supporting, and there are clubs available for the rich, but the girl away from home who makes a good salary and can't get much but a boarding house."

Miss Smith has been selected by the

GERTRUDE ROBINSON-SMITH

American Woman's association, Inc., to manage a campaign to raise funds to build a 700-room club house where self-supporting women away from home may live and have all the comforts of home.

Her plans include a drive for membership, resident and non-resident, and the floating bonds to finance the enterprise. The club house is to be built in New York, but is to have accommodations for business women from other cities.

The American Woman's association is the outgrowth of the Vacation association which Miss Smith organized eight years ago and put on a self-supporting basis.

## BISHOP HUGHES AT ST. PAUL'S CHURCH

An eloquent sermon was delivered at a special service in St. Paul's M. E. church last evening. In which "The Possible Place of Man in the Work of Our Lord and Master" was discussed by Bishop Edwin H. Hughes.

Bishop Hughes declared that in the appeal by the clergy there is a lack of masculinity, the appeal therefore failing to attract men as well as women. The significance of the fact that the occasion for the sermon was the evening of Mother's day was mentioned, the bishop saying that he might do well to adopt the Rembrandt method of presenting his subject, thus throwing into relief the topic of his sermon.

The eminent visitor said that the subject was an alluring one, since in his first church he discovered the women outnumbered the men, two to one. He has been seeking the reason ever since, and has received many interesting suggestions. He then outlined many of the suggestions offered, certifying that the result of his researches had been the conclusion which he had stated: lack of masculinity in sermons.

Rev. J. J. Cairns introduced Bishop Hughes to the congregation.

An excellent musical program was carried out, with Hugh Goodrich, violinist; the Alpha male quartet, St. Paul's orchestra and a large male chorus.

## BOYS PREPARE FOR FIELD DAY PROGRAM

Battalions of the high school regiment assembled on the South common this morning and rehearsed several of the military tactics and callisthenics which will be reviewed at the annual Field day exercises. Because of the commemoration of the Spalding parade stand, it is believed that the South common will be the scene of this year's event.

## FRATERNAL NEWS

As previously arranged, R. F. Rutledge, Women's Relief Corps No. 75, will hold its regular meeting next Wednesday evening in Memorial hall. A penny social will take place from 7 to 7:30 o'clock, to be followed by the meeting.

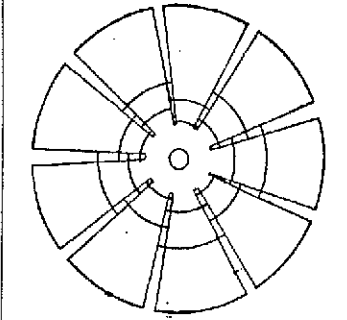

Mrs. Jessie Douglas is in charge of the social program. The general public is invited.

IF YOU WANT TO EXCHANGE ANYTHING TRY A BUN CLASSIFIED AD

## SIMPLIFY RECEIVING SET WITH SPIDER-WEB COIL

By R. L. DUNCAN  
Director, Radio Institute of America  
Make a spider-web coil and simplify your radio receiving set.

It's easy. If properly constructed it can be used instead of the primary and secondary coils in the crystal receiver,

SPIDER-WEB COIL, SHOWING METHOD OF WINDING

or the variometer or variocoupler in the regenerative set.

Get a piece of heavy cardboard about 4 1/2 inches in diameter. Mark it off according to the pattern of the diagram.

Be sure that the sections are of an uneven number, spaced apart about 3-16 of an inch. The cardboard should be heavy enough not to bend.

Before winding, give the form a coat of shellac and bake in a warm oven to take up shrinkage.

**Wiring Simple**

The wire should be either No. 24 or 26 silk cotton covered. Start winding at the center, about half an inch from the core. Bring the wire over one section and then under another. Then keep on going in and out.

Because of the difference in location and place of sections it is impossible to tell the exact number of turns necessary for the individual set. It would be well to start off with 50 to 60 turns.

If this does not bring in any messages using a wave length longer than 200 meters, add a few more turns. If, on the other hand, you hear only long wave stations, take off a few.

The coils may be turned about every 12 turns by simply making a small loop which is left projecting from the coil itself until the winding is completed. Then these loops may be picked up and connected to the switch points by short pieces of flexible wire.

This tapping will cut down the receiving efficiency to some extent, but it gives finer variation on the different wave lengths.

**For Larger Set**

In making the mountings for the spider web coils in the regenerative set, be sure to cut them all the same size. There will be three—two each for the primary, the secondary and the tickler.

Bore a small hole about the size of a lead pencil through the center of each. Mount on a thin shaft about nine inches long in such a way that the distances between the coils may be varied.

Since these coils are very inexpensive to construct, the real radio fan in the home is of great interest to experiment with several sizes and forms of the spider-web arrangement.

## LAKEVIEW TO OPEN TOMORROW EVENING

The dancing season will re-open at the Lakeview pavilion tomorrow night with Miner-Doxley's orchestra furnishing the music. Thereafter, the dancing will continue on Tuesday, Thursday and Saturday nights until the formal opening of the park, which will take place about May 25.

## RIDING TOGS WILL LACK SLEEVES THIS SEASON

Riding habits have been greatly influenced by the first warm days.

Here is Alice Calhoun, wearing the type of togs that promises to be very

popular later. Her sleeveless coat is of black velvet that matches the black and white riding breeches. With her short of white silk she wears a brilliant scarlet tie.

## EVERY LITTLE NOISE UPSET HER NERVES

Nervousness and Stomach Trouble  
Kept Her Miserable for Four Years, Declares Roxbury Woman  
—Now Well and Happy

"Tanlac has been such a blessing to me I just can't miss telling others about it," said Mrs. Mazie McCooly, 84 Williams St., Roxbury, Mass.

"For the past four years my nerves have been so unstrung I could hardly endure life. Indigestion caused me much pain and distress, and after eating I could hardly breathe. I couldn't sleep at night and got so the least unusual noise frightened me.

"My husband has used Tanlac with such splendid results that I was persuaded to try it, and by the time I finished the first bottle I was like a different person. Now I have a new appetite, sleep well, and my nervousness and pains are all gone. I just can't praise Tanlac enough."

Tanlac is sold by all good druggists.

## MISSION CLOSURES AT ST. MICHAEL'S CHURCH

At St. Michael's church yesterday afternoon an eminently successful two weeks' mission was brought to a close, the men of the parish turning out in impressive numbers to participate in the Dominican fathers' solemn and beautiful closing service. The exercises began at 3 o'clock, and consisted of the recitation of the rosary, a sermon, benediction and the delivery of the papal blessing. Rev. Fr. Heagan, O.F.M., delivered the sermon, and, because of the dominant features of Catholicity, attending mass, frequent confession and communion, the avoiding of the vicissitudes of sin, and constant prayer. Rev. John J. Shaw, pastor, complimented the men of the parish on the fine showing they have made in the last week.

Rev. James E. Lynch sang the high mass yesterday, with Rev. Bernard Hughes, O.F.M., as preacher. The May procession, an annual feature of the church activities, will be held next Sunday afternoon at 2 o'clock. Children of the parish are preparing for their first communion.

At St. Peter's church yesterday a solemn high mass at 11 o'clock brought to a close a 40 hour devotion which opened Thursday morning. Rev. Daniel J. Heffernan officiated as celebrant. Rev. Francis L. Shea, as deacon, and Rev. John M. Manion as sub-deacon. The sermon was delivered by the pastor, Rev. D. J. Kelerher, Ph. D.

Members of the Married Ladies' society received communion in a body at the 7:30 o'clock mass, with Rev. Fr.

## A Beautiful Complexion & Admiration

Ladies—A few days' treatment with CARTER'S LITTLE LIVER PILLS will do more to clean up the skin than all the beauty treatments in creation. An imperfect complexion is caused by a sluggish liver. Millions of people, old, young and middle age, take them for Bile, Stomach, and for Sallow, Pimples and Blotchy Skin. They end the misery of Constipation.

Kelerher as celebrant and Rev. Fr. Manion assisting in giving communion. Every evening this week at 7:30 o'clock mass will be held, and after the devotion on Wednesday evening the Married Ladies' society will hold a meeting. On Thursday evening a meeting of the Society for the Propagation of the Faith will take place after the service.

At St. Patrick's church members of the Holy Family and Holy Rosary sodalities received communion at the 7 o'clock mass. The high mass was sung by Rev. Francis L. Heenan, and Rev. Joseph A. Curtin preached the sermon and made announcements. The May devotions will be held according to schedule throughout the week.

Members of the Ladies' sodality received communion in a body at the immaculate Conception church yesterday, the ceremony taking place at the 7 o'clock mass. Rev. Owen P. McQuaid, O.M.I., acting as celebrant. At the 5 o'clock mass the Holy Name society received communion, with Rev. Albert L. McDermott, O.M.I., as celebrant. The high mass was sung by Rev. Patrick J. Hammerly, O.M.I.

At the Church of the Sacred Heart yesterday, members of the Holy Name society received communion at the 7:30 o'clock mass. The celebrant was Rev. Bernard Fletcher, O.M.I., and he was assisted in giving communion by Rev. James Kerwin, O.M.I. Rev. Francis N. McGann, O.M.I., sang the high mass, with Rev. Fr. Kerwin, O.M.I., preaching the sermon. The annual May pilgrimage of the Children of Mary will be held in the school hall next Friday evening.

At St. Margaret's church the early mass was celebrated at 6 o'clock by the pastor, Rev. C. J. Galligan. The 7:30 and 9 o'clock masses were celebrated by Rev. William P. Drennan, and the late mass was sung by Rev. Andrew F. O'Brien. There will be a meeting of the Ladies' sodality on Tuesday evening at 7:30. It was announced that the annual parish lawn party will be held at the Casino on Thursday, June 29, with a drawing for a live nest as a novel feature.

Rev. John C. Hogan celebrated the 10:30 mass at St. Columba's church yesterday, and Rev. James P. Somers the early mass. The children of the parish are preparing for their first communion. At 8 o'clock Tuesday evening the committees in charge of the recent minstrel show and children's party will meet, and reports will be submitted. Prizes for which tickets were sold at these affairs will be drawn for at a party to be held in a short time. On Friday night there will be a meeting of the Holy Name society to hear the final reports on the minstrel show. At 7:30 o'clock on Monday, Wednesday and Friday evenings May devotions will be held.

**APRIL BILL DRAFT PAID**  
The city's bill draft for the month of April, amounting to \$98,860.64, was paid today by City Treasurer Fred H. Bourke. With the exception of a few bills which were not approved, this amount comprises the sum necessary to run the city's affairs for last month.

## Headaches

Are Usually Due to Constipation

When you are constipated, there is not enough lubricant produced by your system to keep the food waste soft. Doctors prescribe Nujol because its action is so close to this natural lubricant. Nujol is a lubricant—not a medicine or laxative—so cannot gripe. Try it today.

**Nujol**  
For Constipation

**Cuticura Toilet Trio**

Satisfies every want of the most critical in cleansing, purifying and beautifying the skin and complexion. Nothing purer, sweeter or more effective for every-day toilet purposes.

Sample Each Free by Mail. Address: "Cuticura Laboratories, Dept. 300, Malden 48, Mass." Sold everywhere. Send 2c. Cuticura Soap shaves without mug.

## HAVE COLOR IN CHEEKS

Be Better Looking—Take Olive Tablets

If your skin is yellow—complexion pallid—tongue coated—appetite poor—you have a bad taste in your mouth—a lazy, no-good feeling—you should take Olive Tablets.

Dr. Edwards' Olive Tablets—a substitute for cod liver oil—were prepared by Dr. Edwards after 17 years of study.

Dr. Edwards' Olive Tablets are a purely vegetable compound mixed with olive oil. You will know them by their olive color.

To have a clear, pink skin, bright eyes, no pimples, a feeling of buoyancy like childhood days you must get at the cause.

Dr. Edwards' Olive Tablets act on the liver and bowels like cod liver oil—yet have no dangerous after effects.

They start the bile and overcome constipation. Take one or two nightly and note the pleasing results. Billions of boxes are sold annually at 50c and 60c—Adv.

## WOULD PROLONG LIFE

Dr. Martin Discusses Advantages of Complete Physical Examination Annually

PORTLAND, Me., May 15.—Life of the average person would be prolonged 15 years, yearly deaths from tuberculosis would be reduced from 150,000 to 50,000, deaths from cancer would be greatly reduced and thousands would be kept from having kidney diseases and high blood pressure if all the people of the United States would submit to a complete physical examination at least once a year, Dr. Franklin H. Martin, director-general of the American college of surgeons, said here today.

Dr. Martin was addressing members of the New England section of the American College of Surgeons, who gathered in Portland this morning for a two-day convention. Standardization of hospital care was discussed by the surgeons already registered at the afternoon meeting, and numerous medical topics.

Clinics at the local hospitals will be held each morning and addresses and discussions are planned for afternoons and evenings.

## HARDING TAKES UP THE SOLDIERS' BONUS

WASHINGTON, May 15.—President Harding, back in Washington after a week-end trip to New Jersey, plunged into consideration of the soldier bonus matter. He had a lengthy conference with Senator Smoot of Utah, republican member of the senate finance committee.

The senator laid before the president his plan for issuance of payments in advance as a substitute for the certificate feature of the bonus bill as passed by the house and informally approved by the finance committee majority. The Utah senator also presented to Mr. Harding an alternative plan for cash payment of the bonus, the funds to be raised by a sales tax.

The senator on leaving the White House declined to say whether the president expressed his views on the proposals as outlined.

Senator Smoot said he would offer his insurance plan as a substitute for the certificate proposal and then if it failed he would propose a regular cash bonus to be raised by the imposition of a sales tax.

## BANDITS HOLD UP CAR, TAKE \$30,000 PAYROLL

SPRINGFIELD, Mo., May 15.—Four bandits in an automobile intercepted a mailcar carrying the payroll of the St. Louis and San Francisco Railroad Co. and escaped with \$30,000 in currency and "Squash" White, who last year Police Detective Ben Lamb was hit in the left arm by a shot fired by a bandit. The driver of the car in which the bank messenger was riding, was wounded in the back.

## NATION-WIDE DRIVE FOR BEER AND WINE

WASHINGTON, May 15.—The nationwide drive for beer and wine, under the direction of the American Agency for the Prohibition of Alcohol, is beginning to attract attention and to arouse the anxiety of the Anti-Saloon league.

According to the association, the movement to liberalize the prohibition law is gathering momentum throughout the country. It makes no claim of carrying congress for its cause in the November election, but it does predict the election of a sufficient number of liberal senators and representatives to liberalize the terms of the law against the extreme prohibitionists.

## MOTHER!

Clean Baby's Bowels with "California Fig Syrup"

Happy Mother! A bottle-ful of "California Fig Syrup" will make your cross, fretful baby comfortable. It cleanses the little bowels of all the wind and pain, the baby crying, the food and stomach pains, which are caused by baby's distress.

Millions of mothers depend upon this gentle laxative to keep baby's stomach and bowels clean, and their constant diarrhoea, colic, biliousness, coated tongue, poor appetite, feverish breath and constipation. It never cramps or overacts. Contains no narcotics or soothing drugs.

Babies love the taste of "California Fig Syrup" which has the direction for infants in French and children of all ages plainly printed on bottle. Say "California" to the druggist and accept no imitation fig syrup. Ad.

GET OF WORK

I will take two single young men to Boston. I will train them thoroughly in special sales work. I will guarantee their living expenses while training. I will send the men who qualify on an extended western trip. Next appearance, good references and willing to work are essential. Write for appointment to H. W. Widner, 445 Little Bldg. Boston, Mass.

## NATIONAL CONGRESS OF SONS OF REVOLUTION

SPRINGFIELD, May 15.—Letters from President Harding and Vice President Coolidge were read by Judge Wallace McCament of Portland, Ore., president-general of the Sons of the American Revolution in the opening session of the national congress here today. President Harding expressed his interest in the efforts of the S.A.R. in behalf of improved teaching of history in the schools. The vice president pointed out that American institutions need the same self-sacrificing loyalty for their support which was necessary for their establishment. "The attack," he said, "rarely comes in the form of an army with banners, but it is always present in the more insidious form of opposition to constituted authority and the selfish expectation of personal advantage at the expense of the public welfare."

## FOR U. S. MARSHAL OF VERMONT DISTRICT

WASHINGTON, May 15.—Appointment of Albert W. Harvey of Chester, as United States marshal for the district of Vermont has been recommended to President Harding by the Vermont delegation in congress, according to an announcement today by Representative Greene of that state.

## SLUMP IN AMERICAN FOREIGN TRADE

WASHINGTON, May 15.—American foreign trade slumped in April after its recent advances, according to reports issued today by the commerce department. Exports for the month aggregated \$321,000,000 compared with \$336,000,000 in March and imports totaled \$217,000,000 against \$255,000,000 the previous month.

GENEVA, May 15.—(By the Associated Press).—An economic treaty between Poland and Germany, settling the upper Silesian question between the two nations, was signed today in the presence of the council of the League of Nations.

Both the German and the Polish representatives said the treaty eliminated any possibility there might have been of a European war over this long-standing controversy.

JESSE GILFILLAND BARRED  
BOSTON, May 15.—Two in training men, grilling company, but fee is a reward on any given, the tournament committee of the Woodland Golf club ruled today, in disqualifying Jesse Gifford, national amateur champion, who had apparently won first prize in an open tournament. Another Jew, who played as a member of the same foursome while other competitors were going in pairs, J. A. (Daff) Gammon of Providence, R. I., also was disqualified by the committee.

## NO PICKETS ON DUTY

17th Week of Textile Strike in Blackstone Valley Opened Today

PAWTUCKET, R. I., May 15.—The seventeenth week of the textile workers' strike in the Blackstone valley opened today with no pickets at any of the mills in this city. The restraining order issued by the courts against picketing have kept the strikers away from the mill gates but about 250 of them assembled this morning at Labor Temple and marched to various parts of the city, but kept away from the deputy sheriffs and police who are still on duty at the mills.

In the villages of Londondale, Berkeley and Ashton, the mills, which are controlled by the Goddard Brothers' interests remain closed.

## WOULD SOLVE THE FUEL PROBLEM

BOSTON, May 14.—The Massachusetts commission on the necessities of life, holding the opinion that there is no real competition in the anthracite market from producer to consumer, said in a letter to the city council of Boston today "that it was convinced that the use of semi-bluminous coals, produced under highly competitive conditions, would solve the fuel problem of householders who have suffered from high prices, poor quality and uncertainty of supply of anthracite coal."

About 75 per cent. of the \$16 which the consumer here pays per ton, for anthracite coal is for the cost of the coal plus the cost of transportation to New England, the commission said.

NEW YORK, May 15.—Pennal that the proposed merger of six independent steel companies will be either a monopoly or a combination in restraint of trade, was made today in a statement issued by Thomas L. Chauncey, counsel for the interested companies.

The statement was given out as a result of charges made in congress by Senator La Follette in connection with his resolution authorizing the federal trade commission to investigate this merger and that of the Bethlehem Steel Corporation and Lackawanna Steel Co.

GIRLS, SHE BEAT YOU TO IT!

## VOLUNTARY DAYLIGHT SAVING AT WASHINGTON

WASHINGTON, May 15.—Washington today began an experiment in voluntary daylight saving. The hands of the clock remained unchanged but under a request issued by President Harding with approval of his cabinet, a large proportion of the activities of the executive branch of the government got under way an hour earlier and most of the commercial establishments got to work an hour ahead of the regular schedule.

Congress on the other hand, holding in its memory the storm stirred up in some quarters by its enactment of a daylight savings law several years ago, has refused to have anything to do with the new plan and will meet and adjourn as usual. The supreme court has met at high noon by the clock since its history began and also will decline to follow the executive departments.

## QUEEN MARIE COMING

May Forego Coronation to Visit U. S.—Indignant Over Movie Report

BUCHAREST, May 15. (By A. P.)—Queen Marie of Rumania may forego her coronation this fall in order to visit the United States.

Since the signing of the armistice she has been planning to go to the United States, but pressing affairs in her own country and the expenses of the long journey have deterred her. Now invitations from friends and petitions from women's clubs and civic societies are pouring in on her so fast that she finds it difficult to resist them. While the queen has not received an official invitation from President Harding, it is known that the American government would welcome and entertain her. The Rumanian government, however, would prefer that she receive a formal invitation from the White House in order that there might be no mistake concerning her status. The queen has not set any date for her departure, but her friends are urging her to postpone her coronation with King Ferdinand, which is set to take place in Transylvania and start for New York after she has fulfilled a few European court engagements.

## Pure Blood

Is a necessity to health at all seasons. No better time for blood-cleansing than now, and the one true Spring Medicine is

Hood's Sarsaparilla

"I wish also," the queen added, "to see your big-hearted, sympathetic and humane president, your enterprising and clever men and your practical and resourceful women. I desire especially to talk with your women and get the benefit of their ideas, wisdom and experience."

"I hope the American people do not believe for an instant the idle invention that I am going to appear as an actress in motion pictures. It is altogether offensive and provoking to have my name linked with these things, especially when it is said I am to get such huge sums out of the enterprise. If one has to work quite as hard as I do to help others, I suppose one's name is bound occasionally to be taken in vain; but I am too busy with my manifold duties to turn a hair about these fantastic publications."

"I must plead with the American newspapers to be fair to me. How utterly unchivalrous and reprehensible it is for some of them to say, as they did recently, that I had given up going to America because I was jealous of the reception accorded Marshal Foch. My name seems to amuse the public. I suppose that in the penalty one has to

## FRECKLES AND HIS FRIENDS

## THE BICKER FAMILY

pay for having the courage not to be exactly like anybody else."

The queen discussed the forthcoming marriage of her second daughter, Princess Marie, to King Alexander of Yugoslavia. She said she was confident this would be a step in the direction of unity and peace in the Balkans.

"But," Marie added, "it is a mistake and unfair to say it is a political marriage. You know, even among kings and princesses there is such a thing as 'love at first sight.' That is what happened in this case. The young king had never met my daughter until he came to Bucharest last January. When he saw her he held out both hands and said: 'I need you; my country needs you. Will you come and help us.' That simple, frank plea won her heart."

"The young king's mother died when he was 4 years old, and he never has known family life. Now he is happy at the prospect of building up a home with my daughter, for whose family he has developed an attachment equal to his own. I am sure he is happy to consider me as his mother, in the place of the one he sorely knew."

The queen said she often smiled at the position she has been forced into by the circumstances that she was the queen mother-in-law of the Balkans.

"I can assure you," she added laughingly, "I am a very patient mother-in-law, and not the traditional formidable one. The three children I have given the for my efforts at bringing about peace and harmony in the Balkans."

Slavia are supremely happy with their choices. All are bound to get on well together, and if we have such peace and contentment in our family life, why can't we have it as political and geographical neighbors? Whatever else I may be criticized for, I won't be blamed for my efforts at bringing about peace and harmony in the Balkans."

## AMUSEMENT NOTES

## B. F. KEITH'S THEATRE

The Wilton sisters, Mae and Rose, have very naturally put in first position on the present week's bill at the B. F. Keith theatre. Their very great success as entertainers have won for them an enviable position in the entire field of vaudeville. The sisters are versed in about all that goes to make vaudeville worth while. Their personable and their ability to sing and dance and to play the violin and the piano make them very desirable. Their little running character is always a feature of their work. The girls have returned to the variety stage after being featured for months in "The Little Whippersnappers" at the interior of China, will come to us on the Choy Ling Foo troupe of Chinese jugglers and magicians are

They represent the very top notch of Chinese entertainment, and so wonderful are they considered to be in their native land that people travel many miles to witness their work. There have been many Japanese in American theatres, but comparatively few Chinese have ever appeared. Naturally reluctant to leave their homeland, these men were finally persuaded to take a brief trip to this country. They are about to end it and Lowell is one of the fortunate places in the country. James Mullin, who is one of the funniest men in the land, and Anne Francis will appear in a side-splitting comedy time called "Xing Wo Got Fun". The audience will agree not only that they are enjoying it, too. "Hullo" (Hullo) is a pretty comedy offering, which is a pretty comedy offering, and in every other way of first class. A pair of "bootleggers" are

THE HAPPY ELOPERS

Low and Paul Murdock. They are dancers of the first water. Cross and Santoro are physical culture performers of note, and May Miller & Company will appear in a delightful musical skit.

## MERRIMACK SQUARE THEATRE

The William Fox special production of Mark Twain's famous comedy, "A Connecticut Yankee in King Arthur's Court," which opened a four days' engagement at the Merrimack Square theatre yesterday, deserves to rank with the best productions of famous literary classics which Mr. Fox has given to the public. It made a remarkable impression at the opening performance yesterday.

"A Connecticut Yankee" is a purely American classic. It has been translated faithfully to the screen, and all the pollocking humor of the book is heightened by the visual appeal. Mark Twain was not a humorist alone; in each of his books, even the funniest, he pleaded a cause. In "A Connecticut Yankee," he argues for the modern way of doing things, and proves that we are lucky to be living today and not in the days of old when knights were bold.

Martin Cavendish, the Yankee, young, shrewd, up-to-date, finds himself suddenly back in the middle ages, among King Arthur's Knights of the Round Table. His adventures there are made to play a part in Mark Twain's own modern romance. There is hardly a moment without a laugh. Thanks to Emmett J. Ryan.

the director, the settings are superb—notably the scene of the tournament, wherein Martin, dressed as a cowboy and armed with revolver and lariat, routs all of King Arthur's knights.

Priests for this big production are 29 and 35 cents. An excellent program of surrounding attractions has also been arranged.

## THE STRAND

"Grand Larceny," the headliner on the program for the first three days of the week at the Strand, is recognized as one of the big pictures of the year.

Elliott Dexter and Claire Windsor are the stars and they receive the support of an excellent and well-balanced company. The story is a gripping pseudo-dramatic effort that will have a strong appeal for all classes and ages. The second feature of note presents Buck Jones in "Bar Nohin," a western story that has enough action to satisfy every one. The comedy and Weekly will also be good and the musical offerings by Signor Cesare will help round out a bill that will be hard to equal hereabouts. Don't miss seeing it from beginning to end.

## RESOLUTIONS ADOPTED

At a recent meeting of the trustees of Westford academy resolutions were passed on the death of Joel Adams Bartlett, which occurred April 24, 1921. Mr. Bartlett had been a member of the board of trustees for 48 years.

## PORTLAND OFFICIALS VISITORS IN LOWELL

City officials of Portland, Me., including the mayor and chief of the fire department, visited Lowell Saturday while on a tour of inspection of modern fire apparatus and model firehouses in eastern Massachusetts cities. The visitors were shown about the city by Chief Edward F. Saunders of the local department and considerable

time was spent looking over the new White ladder truck at the Lawrence street house and the pumper and new house in the Highlands. So enthusiastic were the visitors about the new Highlands house that they asked for copies of the structural plans. They have visited a number of cities while on their tour, but found in Lowell, they said, the most up-to-date equipment as contained in the Highlands house.

## "—A Sunbeam Tangled in Her Hair"

## The Great Beauty Secret of Ancient Egypt

How often have you seen some such phrase used to describe the ultimate beauty of beautiful hair? Have you ever thought that your own hair could have that self-same glint and sheen? It can, and without the slightest suggestion of artificiality.

**Lura Liquid Shampoo** is actually the rediscovered beauty secret of ancient Egypt, used by queens and ladies of that picturesque land as a tonic for their hair.

Never was more luxuriant, more beautiful hair known than that of those beauties of the distant past. And its loveliness was due to the tonic Henna.

A bottle of Liquid Henna Shampoo will last you for many weeks, as it requires a smaller quantity than any other shampoo, and therefore is the most economical shampoo on the market.

## A Perfect Shampoo

Lura has no equal as a shampoo—a shampoo for men, women and children. It is a sweet, cleansing liquid, and is far superior to other shampoos, its strength lying in its solution, which, being made entirely from pure coconut oil and other salutary ingredients, insures a greater solvent of greasy and oily matters that accumulate on the scalp and in the hair. On account of the strength of the solution, you will get a much quicker, heavier and more cleansing lather than is possible with other shampoos, which at once makes your shampooing expense very little.

## Brings Out the Glint

We want it definitely and clearly understood that Lura Liquid Henna Shampoo is not a coloring or a dye, and will not tint the hair one particle unless you so desire; and that a henna tint cannot be effectively acquired on one or two applications. It has been our experience that people who buy Lura Liquid Henna Shampoo for the henna effect have in mind that the product cannot be equaled anywhere as a shampoo, so you must realize at once the importance of a liquid henna shampoo that combines a henna and liquid soap in one solution. If you do

not wish the Henna tonic, we recommend Lura Ideal Shampoo, which contains no henna. By continued use of Lura Liquid Shampoo, there will come the rich, beautiful, luxurious hair and you may rest assured that it beautifies and promotes hair health every time your hair is washed. LURA Henna Shampoo, oversize 8-oz. bottle; LURA Ideal Shampoo (without Henna), generous 6-oz. bottle. At all druggists.

**LURA** Liquid Shampoo

Made by the IDEAL LABORATORIES COMPANY Chicago, Illinois

## A FREE TEST BOTTLE of Lura Liquid Shampoo

To prove what Lura Liquid Shampoo will do for your hair, we will give out a limited number of free test bottles through the dealers mentioned in this advertisement. We strongly urge you to accept this test offer, for we know that once tried, Lura Liquid Henna Shampoo will always be used for the beautifying of your hair and to keep your scalp healthy.

Cut out the coupon today and take it to nearest dealer listed in the announcement. Benefits that you will derive from Lura Liquid Shampoo will be a source of great joy to you and your friends.

## Shampoo at Our Expense

This coupon is good for one sample bottle of Lura Liquid Shampoo. Fill in your name and address. Get it at any of the stores listed and no money is required. Get the FREE test bottle of Lura Liquid Shampoo today.

## KILLED IN FALLS DOWN STAIRS

Two Deaths From Same Cause Reported to the Boston Police Today

Death of One of the Men Being Investigated—His Widow and Lodgers Held

BOSTON, May 15.—Two deaths from falling down stairs were reported to the police today. As a result of the death of Harry Seth at his home in the West End, his widow and three lodgers were held pending investigation of circumstances. Seth's body was found at the foot of the stairs. Death was believed to have been caused by strangulation.

The second death was that of John McDonnell, who tripped and fell while being shown to a room in the City Square hotel in the Charlestown district.

### REPORT OF DEATHS

For the Week Ending May 13, 1922

- May:—  
4—Alexander D. Ellis, 43, broncho-pneumonia.

## 13 KILLED, 70 HURT IN WRECK

Trains Collide Head-on Near Mexico City—Car Hurlled Into Gully

Most of the Victims Were Women and Children—Others May Die

MEXICO CITY, May 14. (By the Associated Press).—Thirteen persons were killed and more than 70 injured today when a train carrying a holiday crowd was catapulted into a deep canyon near Santa Fe, a small village adjacent to the capital, after colliding with another car at the top of a hill. Most of the victims were women and children.

The car, filled with pleasure seekers on their way to Desierto de Los Leones, a popular resort near the capital, crashed head-on into a city-bound car. The collision did little damage but the car sped backward down the incline, the brakes failing to hold. It left the rails at a sharp curve, and was hurled into the gully.

There were no Americans in the party, but several Germans and other foreigners were on board. The death list will probably be augmented, as many of the injured are in a serious condition.

### Routs Bandits Empty Handed

Continued

apparently wounded a second and routed the band empty handed. Passengers were not injured in the holdup which was staged at 1:10 a. m. in an isolated spot near Jaynes, a flag station, eight miles west of Tucson.

### Sack of Dynamite Found

The slain bandit was recognized by Sheriff McDaniel of Pinal county, as that of a Tucson road room habitué. The man was wearing rubber gloves. Beside the body was found a sack of dynamite with which the bandits evidently intended to blow strongboxes in the hotel and baggage cars.

A railroad shop manual was used to hold the injured. Three masked men boarded the car and a fourth stood guard over the passenger. Each of the bandits carried a revolver. They forced a woman to get out of the car, and then they discovered, riding the empty baggage car, that they were in an unoccupied mail and express car. The engineer, obeying orders of the armed trio, rolled the car about a dozen feet to a point where four other masked men were waiting in an automobile.

When the conductor looked out of the window of a passenger coach to ascertain what had occurred, a member of the bandit gang opened fire. Meanwhile Stewart, the express manager, had thrown open the door of the baggage car. When Stewart saw the conductor was in danger, he leaped with one shot the bandit who had fired at the conductor. Stewart then wheeled and sent another bullet at four robbers who were advancing on the baggage and mail cars. One apparently hit, staggered, and crouched to his comrades. Then all seven turned and scurried in two automobiles and sped west.

### Hearings for Indicted Men

Continued

to look for laboring parties, they too are in the city, if it wishes to hold them without bail, to produce evidence upon which hanging verdicts are to be rendered for the "big three" labor leaders. "The Tom" Murphy, head of the Gas House Workers' union; Con Clark of the

Theatrical Janitors' union and Fred Mader, president of the Chicago building trades council.

### Million Dollar "Slush Fund"

It is alleged by Henry Barrett Chamberlain, of the Chicago crime commission, that the labor men are equipped with a million dollar "slush fund" for the defense.

Police and state's attorneys connected with the case assert they have sufficient evidence to warrant continued confinement of the indicted men without bail.

### Accusations Confessions

"We have three astounding confessions," said Mr. Chamberlain. Alleged tactics employed by Fred Mader in obtaining the presidency of the building trades council were bared today by members of that organization who asserted that many members, antagonistic to Mader, were kept away by slush money from the meeting at which he was elected.

### Strike Set for Monday Halted

The building strike, scheduled by Mader for next Monday and involving 65,000 men, has unofficially been called off, it is said. The men were asked to go out on strike as a protest against the open shop, declared in the 12 trades blacklisted by the citizens' committee, an organization to enforce the award handed down by K. M. Landis.

### Full Docket in Court Today

Continued

near beer saloon at 11 Suffolk street, was arrested by Officer Clyde Aldrich after a search of his premises for liquor. This morning he was arraigned in court for illegal keeping, and on a plea of not guilty was continued until May 25.

Harry Farley, on a plea of not guilty to a charge of illegal keeping of liquor, was continued until May 27.

### Accusations Confessions

"We have three astounding confessions," said Mr. Chamberlain. Alleged tactics employed by Fred Mader in obtaining the presidency of the building trades council were bared today by members of that organization who asserted that many members, antagonistic to Mader, were kept away by slush money from the meeting at which he was elected.

### Strike Set for Monday Halted

The building strike, scheduled by Mader for next Monday and involving 65,000 men, has unofficially been called off, it is said. The men were asked to go out on strike as a protest against the open shop, declared in the 12 trades blacklisted by the citizens' committee, an organization to enforce the award handed down by K. M. Landis.

None of the 32 unions involved has voted on the question and leaders asserted that no vote would be taken until the council had been reorganized and men of clean records put in charge.

dicted the charge made against him. The case was placed on file and Matuk ordered to pay costs.

Joseph A. Drapreau pleaded guilty to charges of drunkenness and operating an automobile on the boulevard while in this condition. Because of the seriousness of the latter offense, he was fined \$100, and the drunkenness charge filed.

Edward P. Sullivan appeared on a non-support complaint, but his wife, who had made the complaint, said she didn't want the support. Questioned by defendant's counsel, she denied any knowledge of her husband asking her sister to take their child, that he might clothe the little girl and care for her. She went into a lengthy consultation with Judge Dwight and her husband's counsel, into which, after a time, the husband was called. The result was a finding of not guilty and Sullivan's discharge, the woman reiterating her independence.

Thomas F. Conway was charged with keeping an unlicensed dog. A great deal of delay was occasioned by the fact that he was arraigned as Joseph F. Conway. The case was continued for two weeks. Conway entered a plea of guilty and expressed a desire to pay for a license.

David Sapestan was absent when he was called to appear for an alleged violation of the milk law. His wife was present and stated "he is drunk all the time." A capias was issued, and he will appear tomorrow, drunk or sober, according to the mandate of the court.

Pleading guilty to drunkenness and operating an automobile while in an intoxicated condition, Harry Elia-

poulos paid a fine of \$75 on the more serious offense and had the drunkenness charge placed on file.

Francis R. Hannigan and Daisy Holbrook appeared on continuance, charged with a statutory offense. Officers Cooney and Moore appeared as witnesses for the prosecution, along with the woman's husband, and it was learned that the woman's little child was in the room with the offenders. The judge said he was inclined to be lenient with the woman, because of her child, but thought the man should suffer in full. Argument ensued on the part of counsel for the defense, but the man was sentenced to a year in the house of correction and the woman fined \$75. Hannigan appealed and was held for superior court.

Manuel Fratus appeared for drunkenness and pleaded guilty. However, Officer Mahan said he had received complaints of Fratus abusing little boys, injuring one of them slightly. A fine of \$10 was imposed.

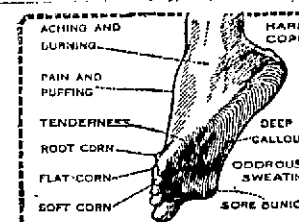

Martha Solkewicz pleaded guilty to drunkenness and Officer W. H. Wilson brought an additional charge of assault upon a person on the street. As no one appeared on the second complaint, he was fined \$10 and given until Saturday to pay it.

Edward J. Connelley pleaded guilty to a charge of drunkenness. It was shown that it was his third appearance. The arresting officer told the court that the young man hung around the depot in the small hours of the morning. On account of his good record he was treated leniently, a suspended sentence of two months in the

house of correction being imposed.

Thomas J. Kelleher, charged with drunkenness and fighting with men who were trying to take him home, was pronounced "absolutely impossible" by the judge. It was his fifth appearance and his wife appeared to intercede for him. He stated that he would take the pledge and conduct himself differently if he were given another opportunity. The case was continued until Saturday, pending an investigation by the probation officer. John McNamara, after entering a plea of guilty to drunkenness, was given a suspended sentence to the state farm.

William Lauseigne, continued from May 1, on a non-support charge, failed to appear and was defaulted.

## NEW PHASE IN CIVILIZATION

Lloyd George Issues Statement on Progress of Genoa Conference

New Phase in the Economic Interdependence of Europe and Whole World

No Modern Nation Can Exist by Itself—Pact of Non-Aggression Essential

LONDON, May 15. (By the Associated Press.)—Prime Minister Lloyd George in a message given to the Genoa conference of the Yorkshire Evening News, says:

"We have reached a new phase in western civilization. There have been wars of religion and dynastic wars, there have been wars to secure richer supplies of raw materials with which to nourish trade and commerce. The new phase is the economic interdependence of Europe and the whole world. No modern nation can exist by itself. It is dependent upon other nations, whether neighboring or remote."

"A pact of non-aggression is fundamental to economic reconstruction. Every nation in Europe must recognize the sanctity of its neighbor's boundaries. Frontiers will then become open doors of commerce, not national barriers. Peace is the first essential."

The premier expressed deep interest in the attention given to the proceedings at Genoa by the British people, especially the factory workers in the Yorkshire and other industrial districts.

## DIAMONDS BY THE PECK SEIZED

Tons of Silver, Quantities of Gold and Pearls by Bushel Confiscated

Taken by Soviets From Churches and Synagogues for Famine Sufferers

MOSCOW, May 15 (by the Associated Press).—Silver by the ton, gold by the hundredweight, pearls by the bushel and diamonds by the peck, dumped into wooden boxes, into sacks, pasteboard cartons or merely wrapped in parcels—all this treasure hoard awaits opening and sorting at the storehouse for valuables confiscated by the soviet government from the churches and synagogues of Russia for the benefit of the famine sufferers.

The correspondent was permitted to visit the five-story loft building which constitutes the storehouse. One floor of the building about 100 feet long and 45 feet wide, is already nearly full with the articles confiscated in Moscow alone. These amounting to more than 50,000 pounds of silver, several hundred pounds of gold and over 10,000 precious stones, mostly diamonds. Requested articles from the provincial churches are to be stored on the other four floors.

Each of the 421 packages in this room is sealed and they are stacked in tiers reaching almost to the ceiling. The yield from some of the monasteries was too large for a single package, overflowing into shallow boxes beside them.

Motor trucks fairly bustling with bayonets of the soldiers' reports drive up to the treasure houses all through the day and night, bringing boxes from the churches.

Say Only 450 at Work

pickets counted 165 men and women as they were coming out of the plant. According to the strikers, of the 41 regular loomfixers employed at the mill only four of them are at work.

The mass meeting held on the North common yesterday afternoon was attended by about 12,000 people. John Hanley, president of the Lowell Textile council opened the meeting and introduced as the first speaker, Organizer Reagan, who spoke at length on the textile conditions throughout New England, particularly on conditions in this city. He told of the radical reduction of 20 per cent, and said until the operatives are shown in black and white that the mills are unable to do business unless the reduction goes into effect, the strike will not be settled. The other speaker was John Hanley, who is connected with a local Greek newspaper and another member of the local Greek community. The two men, who addressed the gathering in the Greek language, urged their fellow countrymen who were employed at the Hamilton mills to keep away from the plant.

Tickets for the dance for the benefit of the strike, which will be held in Merrimack and Grafton halls Thursday night, are selling fast and it was stated this morning that already 100 of them have been disposed of.

Good reports concerning the Hamilton mills were received at strike headquarters today. It was stated that the picket department of the plant, which had been idle for some time, was started again and that means that there will be something doing in that mill before a great while for picketing duty.

Also it was stated that a number of loomfixers who have been idle for some time were given employment this morning, which is an indication that more home are being run.

Agent Inmate of the plant when called on the telephone by The Sun reporter would not deny or admit the report, but he referred the newspaper to the publicity office of the company in Boston.

## COMMISSIONERS GIVE TWO ROAD HEARINGS

The county commissioners held their monthly meeting at the local court house this morning. Routine business was transacted and two hearings were held, the first on a petition of the residents of Chelmsford, Westford, Carlisle and Acton for specific repairs on the so-called Acton road which runs through the above mentioned towns. Present at the hearing were Selectmen Spalding and Purbush and Superintendent of Streets McDonald, of Westford. They asked that Acton road be oiled and scraped and that other repairs be done. There were no remonstrants and the matter was taken under advisement.

The other hearing was on a petition of officials of the town of Westford that Brookside road, running from Granville into Lowell, be repaired and that a proper drainage system be installed. It was brought out that the town will make some of the repairs needed and it was asked that the county commissioners appropriate the sum of \$300 for the work. No decision was given.

## Action Comes as a Surprise

Continued

received today at the state department but officials indicated that no immediate decision regarding it would be reached.

Until they had an opportunity to study the proposal in detail, officials would make no comment regarding it. The general impression given by them was that the question probably would be discussed at tomorrow's cabinet meeting and that some action might follow.

At the state department, pains were taken to emphasize that the invitation was a surprise, officials declaring that the Washington government not only had not suggested it but was un-informed regarding the plan until today.

The communication from Ambassador Child was said to be only an advance summary of the official text of the invitation.

In their references to the League conference officials would not indicate in what degree they considered the case analogous to the Genoa negotiations into which the United States refused to enter. It was assumed that President Harding and his advisers would adopt a similar policy of non-participation should the new conference appear to be merely a reproduction of that at Genoa. On the other hand, information received here in press dispatches has indicated that a stipulation, expressed in excluding the United States from any of the effects of decisions reached at the Hague may be included in the invitation in such a way as to change the basis of the whole problem.

Throughout the Genoa conference the American government has emphasized that the American position in the United States would not be bound by the decision reached there. Whether the Hague invitation when its full text is received will embody that stipulation in such definite form as to meet the views of the administration is a question upon which no official will make a pronouncement on the basis of the information at hand.

## Question of Asphalt Again

Continued

would meet with the city's approval and would last for at least two years.

Upon being questioned, Mr. Hennessy admitted that the present job was the company's first but that it was going to bring a plant here which would cost about \$15,000. When the matter was put up to Mr. Towers the latter said that he would rather see some of the work done by the company before going on record favoring the concern.

Mr. Hennessy explained that this was impossible as the corporation had not done any work here. However, he then stated that he had made a trip to Boston at the request of the board and had called at a certain Milk street address to look up Mr. McGrane. He was told that Mr. McGrane did not have an office at the address mentioned.

When pressed for information as to Mr. McGrane's last position, Mr. Hennessy said that he was unable to give the information, but said that he was then suggested that the board give a hearing in a short while at which both Mr. Hill and Mr. McGrane be invited.

At this point Mr. Leary said that he did not favor the proposition as he was a bit scared of taking a chance, as he had heard so much of the difficulties of laying sheet asphalt. He said that he did not doubt the sincerity of the new concern but that he would rather please himself if the company could point to some job it had done that was giving satisfaction.

Mr. Hennessy insisted that the fact that the concern was willing to file a bond and that it would have its plant here to which a lien might be attached if the work was not satisfactory, was guarantee enough for the city.

Each Mr. Leary and Mr. Towers insisted that good roads were what they were after in all respects. Mr. Murphy took little part in this discussion. Early in it he said that "it cut little ice with him" as to whether the company was incorporated for \$50,000 or for a million. He asserted, but he wanted to be sure of a good job.

The contract in question is the one which the Framingham Construction co. claims was verbally awarded to them and which caused injunction proceedings following the calling of new bids by the city.

Division Manager Thomas Lee of the Eastern Massachusetts street railway, who appeared before the board and wanted to find out why the city engineer has ordered the work of repaving on the south side of Broadway stopped. It was explained by him that the company was attempting to bolster up the tracks in that locality and that it was necessary to dig into the road in some sections.

Engineer Kearney said that a permit had been granted to open up certain parts of the north side but not any of the south side. The engineer claimed that with few exceptions all of the south side was in excellent condition and that he did not want the road dug up as it would not put it in the condition it was in before. He cited the instance in John street where the road was dug up and never put in original condition after that. No action was taken and will not be until Mr. Lee and Mr. Kearney go to the location together to talk over the matter. Mr. Lee agreed to suspend operations there until this could be done.

## OUR BOARDING HOUSE

## NOW MOIRE'S COMING BACK

There is a sudden vogue for moire. Not to be sure, the soft black moire of our grandmothers' Sabbath gown that would stand alone, but its modern incarnation.

This new moire is soft and lovely. It is satin-backed and has itself the texture of fine satin, draping exquisitely. It is shown in all the brilliant high

colors of the season with watered markings of various patterns. Today's Ladies' Book would have approved of a moire dress in the style sketched. Its puffed basque, loose bell sleeves and rows of pleated frills are reminiscent of the days of chignons and chaises. Not forgetting, besides, that they are decidedly fashionable in this season of 1922.

## "FAMILY FACTORY" SOLVES LABOR PROBLEM

Carl Schallbruch, his wife and 10 children have come to America to start a knife factory at Newark, N. J. Schallbruch will be the boss and his family will be the factory force—for each is expert at some specialized task.

# SHREDDED KRUMBLES

deliciously flavored WHOLE-WHEAT

## Health dividends!

Business demands healthy women and men—robust, red-blooded, courageous! And, mentally keen to meet tense situations. Physical fitness is a necessity!

Health begins with the eating of proper foods; health cannot be maintained nor brains fed with denatured, devitalized foodstuffs that are daily eaten. You must offset these foods robbed of life-sustaining qualities! You cannot survive upon them!

When you eat Kellogg's delicious whole-wheat KRUMBLES you fortify against illness; you build bone and tissue and make health and physical and mental vigor! Kellogg's Krumbles contain every food element the human body needs to thrive on!

Krumbles make children grow into robust, rugged health. Krumbles give men and women workers strength and they provide the aged with food that sustains them as nothing else can!

The only whole-wheat food with a delicious flavor!

## RED CROSS TO QUIT EUROPE IN JUNE

PARIS, May 15.—(By the Associated Press)—The American Red Cross, after eight years of work, during which it expended more than \$100,000,000, will close its main activities in Europe at the end of June. This announcement was made yesterday by Dr. Ross Hill, director of foreign operations, who has just returned from a two months' survey of Europe, extending from Warsaw to Constantinople.

Dr. Hill said he believed there no longer was any need for American relief effort in the war-affected countries. The welfare of the peoples of Europe was better than at any time since the war, due largely to American aid.

"I find no tendency among peoples or governments to complain of our withdrawal," he said. "But, on the other hand, every country requests that a certain personnel be permitted to remain temporarily in advisory capacities in order to make more certain the continuance of Red Cross work by the government themselves. The junior Red Cross will continue in certain countries, in such cases the work will be done in co-operation with the League of Red Cross societies of which Judge Payne is chairman."

## BANDIT THROWS BAG OVER MAN'S HEAD

WHITMAN, May 15.—George S. La Brache, of 33 Stetson street, was stopped early yesterday morning near his home by a man who, after throwing a bag over his head, tried to rob him. It is evident that the thief was acquainted with Mr. La Brache's habits, for the latter had left his place of business only a short time before and had the day's receipts with him.

At first Mr. La Brache thought the holdup was a joke, but when the man reached for his bag he shouted for assistance.

Mrs. Leon A. Sparhawk, who lives a short distance from the scene of the holdup, heard the shouts and sent a call to the police. In the meantime Mr. La Brache fought with the man, who escaped after failing to get the money. When the police arrived, Mr. La Brache was unable to give a good description of the man.

to take the government into their own hands upon a platform of social justice."

On the unemployment situation the convention adopted the following:

"The old political parties, as represented in the democratic and republican organizations, in state and national affairs have failed miserably before the problem. From the latest figures available 10,000 people are unemployed in Boston alone, and 300,000 in the entire commonwealth. Thousands of these unfortunate workers are actually in need of both food and clothing, but our republican and democratic officials have taken no steps which will adequately deal with this problem."

LYNN PIGEON WINS RACE  
MELROSE, May 15.—A bird from the coop of James McHugh of the Lynn Pigeon club, won the 100-mile race of the United Pigeon yesterday. The bird was the fastest on the wing of a flock of 100 released at Adams. It flew the 100 miles at an average speed of 1317.6 miles per minute.

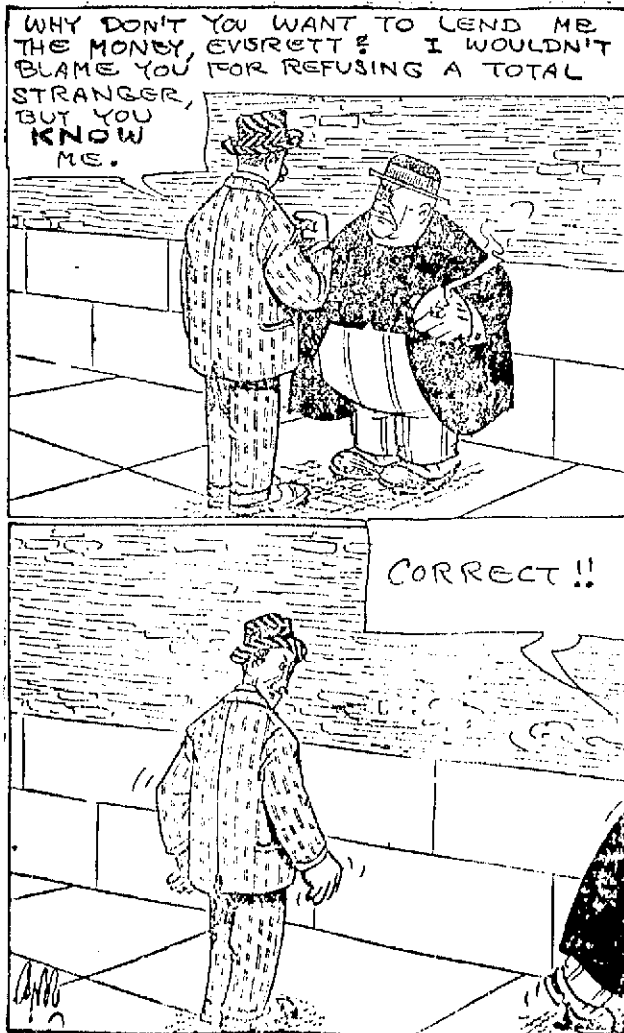

## SOCIALISTS NAME STATE TICKET

BOSTON, May 15.—Walter S. Hutchins of Greenfield was nominated as the socialist candidate for governor at the two-day convention of the socialist party of Massachusetts in Faneuil hall, which ended yesterday afternoon.

The other nominees of the party are: Thomas Nicholson of Methuen, lieutenant governor; A. Sprague Colledge of Pittsfield, secretary of state; Dennis Regan of Brockton, state treasurer; Miss Edith Williams of Brookline, state auditor; Joseph Bearek of Boston, attorney general; John Weaver Sherman of Boston, United States senator.

In its platform the party calls upon all American workers and upon citizens "to free the commonwealth of Massachusetts from the oppressive misrule of the old political parties and

## EVERETT TRUE

## Taste is a matter of tobacco quality

We state it as our honest belief that the tobaccos used in Chesterfield are of finer quality (and hence of better taste) than in any other cigarette at the price.

of Turkish and Domestic tobaccos—blended

"They Satisfy"

## Ask for the test

We send to every home that asks a 10-Day Tube of Pepsodent.

Send the coupon for your family's sake, then watch the delightful effects.

# Beauty Without Grit

Without any harm to the teeth

Don't try to whiten teeth with grit that scratches the enamel. That's harmful. Use a soft polishing agent—the Pepsodent agent. Then combat the dingy film twice daily in this new, effective way.

That's what millions of people the world over are doing, largely by dental advice. Look about you and see the beautiful teeth that result.

## Clouded by film

Teeth are clouded by a film. It clings to teeth, gets between the teeth and stays. Stains enter it, then the film, if left, forms the basis of dingy coats. That's why teeth lose luster. Film is also the basis of tartar.

Most tooth troubles are now traced to that film. It holds food substance which ferments and forms acid. It holds the acid in contact with the teeth to cause decay.

Germs breed by millions in it.

They, with tartar, are the chief cause of pyorrhea.

## Stays on teeth

Under old methods, much of that film remained on teeth. It made teeth cloudy. Night and day it threatened serious damage. That's why so many brushed teeth discolored and decay. Teeth troubles have been constantly increasing.

Now dental science, after long research, has found two film combatants. Able authorities have proved their efficiency. Now leading dentists almost the world over are urging their daily use.

A new-type tooth paste has been created, based on five modern requirements. The name is Pepsodent. These two great film combatants are embodied in it for daily application.

## Old ways wrong

Pepsodent also aids Nature in two essential ways. It multiplies the starch digestant in the saliv-

That is there to digest starch deposits on teeth before they ferment and form acids.

It multiplies the alkalinity of the saliva. That is Nature's neutralizer for the acids that cause decay.

Every use of Pepsodent thus gives manifold power to Nature's great tooth-protecting agents. Old-time tooth pastes had the opposite effect. They reduced mouth alkalinity, reduced the starch digestant with every application. That was due to their soap and chalk.

We urge you to see and feel these effects, then judge how much they mean.

Send the coupon for a 10-Day Tube. Note how clean the teeth feel after using. Mark the absence of the viscous film. See how teeth whiten as the film-coats disappear. Watch these delightful effects for a few days and you will always want them. Cut out the coupon now.

PAT. OFF.

## SPORTS OF ALL SORTS

Already there is considerable talk in the city relative to the possibility of a baseball team being organized in the city. The Twilights, who have been successful in their efforts to organize a team, are the ones who are most likely to succeed.

Without doubt the Twilights are one of the greatest teams in the city. They have been successful in their efforts to organize a team, and they are now looking for a manager.

Charles G. Gaudin, manager of the Twilights, is looking for a manager. He has been successful in his efforts to organize a team, and he is now looking for a manager.

Martin was one of the best players in the city. He has been successful in his efforts to organize a team, and he is now looking for a manager.

Another player who has been successful in his efforts to organize a team is Martin. He has been successful in his efforts to organize a team, and he is now looking for a manager.

## TY'S TIGERS IN FIRST DIVISION

Have Won Six Out of Last Eight Games—Yankees' Lead Cut to Half Game

Giants Beat Cubs in Ten Inning Game and Hold Lead by Four Games

NEW YORK, May 15.—Ty Cobb's rousing Detroit Tigers have had enough of leading the American League in the first division today for the first time this season as a result of taking their second straight game from the leading New York Yankees, 4-2, and making it a victory over their last eight games. The Detroit left the Yankees with a half game lead.

The Giants beat the Cubs in a ten inning game and hold the lead by four games. The Giants won 10-7, and the Cubs lost 7-10.

## AFTER YEAR'S HONORS PHIL NEER'S "DON'TS"

Browns' Swatter Sure He Will Lead Season's List of Circuit Clouters

By PHIL A. NEER  
(Leland Stanford University, International Collegiate Singles Champion)  
There are plenty of "don'ts" for tennis players scattered through books which pretend to teach the game. The majority of them are well taken. But there are a few points which players, especially new ones, should observe.

1. Don't waste time on the court. Play for all you are worth, with your mind on the game, and rest after you quit.

2. Don't attempt to win practice games to the hindrance of advance in your form and power.

3. Don't think you know it all. Listen to the advice of older men. Walter Goss, veteran and former star, told me nearly all I know.

4. Don't take your eyes off the ball until it leaves your racket. In serving or receiving, play in the danger zone.

5. Don't start a set and exert all your energy in the first few games. You'll need it just as much, if not more, later.

6. Don't expect to win without practicing, and practicing hard, to leave the rest to the other players.

7. Don't play unless you are in physical condition to do so. Diet, if necessary, is a matter of health.

8. If the rules of health are observed, it will aid materially in shaping a player for match sets.

9. Never fail to take advantage of the "advantage" of the game. If there is an opportunity to kill the ball, don't toss it over for the opponent to drive it back. Never take chances.

10. Don't play unless you are in physical condition to do so. Diet, if necessary, is a matter of health.

11. If the rules of health are observed, it will aid materially in shaping a player for match sets.

12. Never fail to take advantage of the "advantage" of the game. If there is an opportunity to kill the ball, don't toss it over for the opponent to drive it back. Never take chances.

13. Don't play unless you are in physical condition to do so. Diet, if necessary, is a matter of health.

14. If the rules of health are observed, it will aid materially in shaping a player for match sets.

Plenty of Things to Avoid in Tennis

## KEN WILLIAMS' OWN STORY

Read the first of this exclusive series of articles by the St. Louis slugger, the sensation of baseball in 1922, on the Sport Page today. In these stories Williams tells how he developed the swat that put his name alongside Babe Ruth's. Will he keep pace with the Bambino in the 1922 race? Will he set a new record? Read what Williams himself says about it. His stories will appear exclusively in The Lowell Sun.

## WHAT THE SPORTSMEN SHOULD WEAR

BY MORRIS ACKERMAN  
"Comfort" is the keynote of the question of "clothing the outdoorsman," confides Rex Beach. Herein he lets you in on some worth-while secrets.

"Always carry an extra shirt. When I am wet from perspiration, rain or snow I change into a dry shirt."

"Wear a dry shirt and you have no idea how comfortable you will feel. The wet one will dry as well if you wear it on the outside. No matter how cold the weather is, just slip right down and out on that dry shirt."

"The matter of foot-wear is probably more important than any other item of wear for the hunter. Keep the foot in a natural posture. No man can travel in comfort on flat shoes. Wear shoes or put on that are plenty big, but not too high. Keep your feet from becoming blistered and chafed. While I don't mind the hardships that go with hunting, still I try to eliminate them when possible."

"I like an air mattress in my battery box when duck shooting and am strong for reindeer such as the Eskimo people. When it gets real cold down on the coast I turn the hair towards my skin, pull on my parka and stay with the birds when others find comfort around the shanty stove."

"I learned a lot about reindeer clothing while living in Alaska. I am strong for it. It is light and warm and this hair against the skin keeps a layer of air around the body that forms just the proper resistance against the cold."

"The trick in clothing the body and covering the feet in cold weather in both instances is not to have either tight fitting."

"Feet are warmer with one pair of woolen socks in loose shoes than several pairs in tight-fitting shoes. The same is true of loose fitting clothing. Wear just enough for comfort."

"One way to refurbish an ivory toilet set that has become spotted and scratched is to give it a coat of white and silver. It is astonishing how the pieces respond to this treatment."

THE SCORING OF A BASE HIT often resolves itself into purely a question of judgment. What one scorer may regard as a ball too hard to handle and score as a hit, may be considered an error by some other scorer. This question of judgment usually comes up on a fast and slow hit bats.

WHEN YOU SCORE A BALL GAME REMEMBER—

The scoring of a base hit often resolves itself into purely a question of judgment. What one scorer may regard as a ball too hard to handle and score as a hit, may be considered an error by some other scorer. This question of judgment usually comes up on a fast and slow hit bats.

## Fascisti Leader Wins Duel With Editor

MILAN, May 15.—Prof. Benito Mussolini, head of the Fascisti, or extreme nationalists, who bears more than 100 wounds received in battle, engaged in a duel yesterday with Signor Missiroli, editor of the Turin Secolo, over differences arising from articles appearing in their respective newspapers. Prof. Mussolini is editor of the Popolo Italia of Milan. The Fascisti leader won in seven assaults lasting forty minutes. The duellists refused a reconciliation after their meeting.

## 8 Deaths in Sunday's Shootings in Belfast

BELFAST, May 15.—The body of an elderly woman who had died of bullet wounds, was found in Great George street, last night, bringing the total of known dead in Sunday's shootings to eight.

## Only American Contentant Eliminated

SANDWICH, England, May 15.—(By the Associated Press)—Miss Rosamund Sherwood, the only American contentant, was eliminated from the ladies' open golf championship tournament on the Prince's course in the opening round today when Mrs. Fletcher, of Wembley, defeated her, 3 up and 2 to go.

## Church Where Hollis Got Divorce, Closed

SOFIA, Bulgaria, May 15.—(By the Associated Press)—The Unitarian church at Dubnitz, the pastor of which granted the divorce to former United States Senator Hollis recently declared illegal by the Bulgarian government, has been closed by the police at the request of the ministries of foreign affairs and religion.

## Buy Victory Notes Direct From Holders

WASHINGTON, May 15.—Authority given federal reserve banks to purchase four and three-fourth per cent. Victory notes direct from holders at par and accrued interest up to an aggregate amount of \$100,000,000, has been further extended from May 15 to June 15, 1922, Secretary Mellon has announced.

## Prisoner Escapes From Naval Hospital

BOSTON, May 15.—Edward Whalen, a second class naval machinist and a prisoner at the naval hospital, escaped from his cell last night, and today police were called on to aid in his capture. Beyond the fact that he was a prisoner under general court martial jurisdiction, naval authorities refuse to give any information as to his offense.

## Labor to Take Big Part in Irish Elections

DUBLIN, May 15.—(By the Associated Press)—Labor proposes to take a prominent part in the coming Irish elections. Thomas Johnson, secretary of the Irish labor party, announced in a speech here yesterday, that labor had decided to seek a representative Irish parliament, because it had a definite social, economic and industrial program to put through. The labor party, he said, stood independent of both the Free State and republican parties and went forward on its own program, devoting its energies to the welfare of the people. Other speakers expressed the hope of the eventual establishment of a commonwealth.

## SAYS CITY HAS NO RIGHT TO ACCEPT STREET

According to Robert E. O'Brien, a resident of Lowell, and a local real estate dealer, the city of Lowell has no right to accept the proposed street to be laid out at the corner of the city and the city of Lowell. He said that the city of Lowell has no right to accept the proposed street to be laid out at the corner of the city and the city of Lowell.

## TRIAL OF MRS. McCaw, Accused of Poisoning Step-Daughter, Postponed

PROVIDENCE, R. I., May 15.—The trial of Mrs. Ruth Severance McCaw of Lowell, charged with the poisoning of her step-daughter, which was to begin in the superior criminal court here today, was again postponed. Mrs. McCaw is also under an indictment charging the attempted murder of her step-son, Leon. She has been in the Providence county jail for several months.

## British Army Expedition Saved by New Food

Almost Miraculous Romance of War and Science

A story which is probably one of the most remarkable in the history of the world, is being told in the city of Lowell. It is a story of a British army expedition which was saved by a new food. The story is told in the city of Lowell.

The story is told in the city of Lowell. It is a story of a British army expedition which was saved by a new food. The story is told in the city of Lowell.

## KASINO TO OPEN SEASON WEDNESDAY

The new casino at the city of Lowell will open its season on Wednesday. The casino is located in the city of Lowell.

## \$25,000 FIRE LOSS AT PITTSFIELD

A fire at the city of Lowell caused a loss of \$25,000. The fire was caused by a gas leak in the city of Lowell.

## LIQUOR CAN BE SEIZED

Supreme Court's Decision on Booze Passing Through U. S. to Foreign Port

WASHINGTON, May 15.—The supreme court held in a decision handed down today that liquor while within boundaries of the United States on route from one foreign port to another can be seized under the national prohibition act.

## Eugenia Blair Dies in Dressing Room

CHICAGO, May 15.—Eugenia Blair, widely known actress, playing in "Anna Christie" at the Cort theatre, died in her dressing room at the theatre shortly after her appearance in the early part of Saturday night's performance. Her death, which was believed due to heart disease, was not revealed until today.

## Burrell Candidate for Lieut. Gov.

BOSTON, May 15.—Charles L. Burrell, former state treasurer, today announced his candidacy for the republican nomination for lieutenant governor. Alvan T. Fuller, the incumbent, and Joseph E. Warner, former speaker of the house are already announced candidates.

## Asks Removal of Dry Commissioner

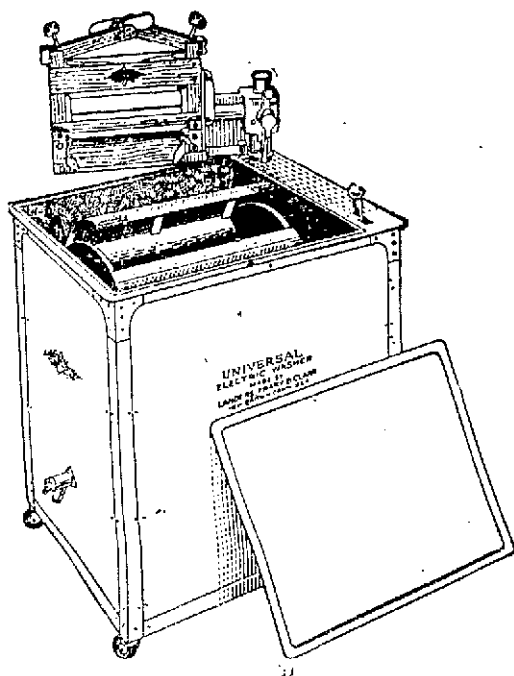

WASHINGTON, May 15.—Secretary Mellon was asked today by Representative Hill, republican, Maryland, to remove Prohibition Commissioner Haynes, or whoever else in his office was responsible for a recent press bulletin which Mr. Hill declared constituted "official approval of the application of lynch law to the suppression of liquor violations."

In a letter to the secretary asking that this action be taken, Mr. Hill enclosed a copy of the bulletin issued to newspapers in which it was stated that Judge A. J. Curran at Pittsburgh, Kas., had said to a man who pleaded guilty of violation of the liquor law that "if any more violations are reported in your home, I will order the house burned."

# Let Us Show You How to "Universalize" Your Home

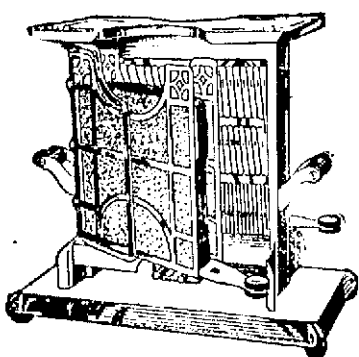

Beginning Tuesday and continuing throughout the week we are to have an experienced lady demonstrator at our salesroom, 64 Middle St., to explain by actual operation the many advantages of UNIVERSAL Electrical Appliances, including the Electrical Range, Vacuum Cleaner, Washing Machine, Percolator, Grill and many others of this splendid line.

**UNIVERSAL** Electric Appliances cover every need—every condition of service in the home. In them beauty, service and durability are judiciously combined.

**UNIVERSAL ELECTRIC CLOTHES WASHER**

Safe, Efficient, Attractive. Combines Mechanical Superiority with Simplicity and Durability. By comparative tests the UNIVERSAL has proved to be in a class by itself when it comes to thoroughly cleaning both the daintiest and heaviest fabrics in the quickest time and with the least possible labor. The demonstration will convince you.

**UNIVERSAL ELECTRIC TOASTER**

For about one cent this handsome, well made Toaster gives you 12 slices of crisp, evenly browned toast. About a slice a minute. The bread racks are reversible. No need to touch the toast with the hands.

**UNIVERSAL ELECTRIC PERCOLATOR**

Makes a stronger, cleaner beverage and uses less coffee. Costs less to operate because it works from 6 to 10 times faster. Coffee produced by the UNIVERSAL has that rich, appetizing aroma and delicious flavor which evidences proper making.

Wiring of All Kinds

Fixtures and Appliances

Plating and Refinishing

Repairs of All Kinds

General Supplies

**UNIVERSAL** Electric Appliances comprise a complete line of time saving, labor saving devices, each one of which will enable you to do some household task in an easier and better way.

**UNIVERSAL ELECTRIC VACUUM CLEANER**

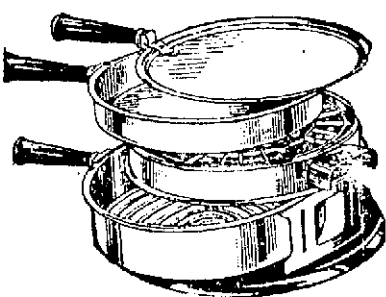

This efficient, practical cleaner possesses many special features. A few of them are:

1. The most powerful motor built for the purpose. This gives the patented brushless nozzle the greatest suction of any portable cleaner now made.
2. No brushes. Brushes are unsatisfactory, hard, difficult to clean and easy to get out of order. In the UNIVERSAL, powerful air suction does the work, and does it twice as thoroughly.
3. Thread Catchers. Placed on both sides of the nozzle mouth. They pick up the little bits of thread, lint, etc., and a powerful stream of air whirls them up into the bag.

See this Vacuum Cleaner at the demonstration. Watch it work. Then compare it with any other machine.

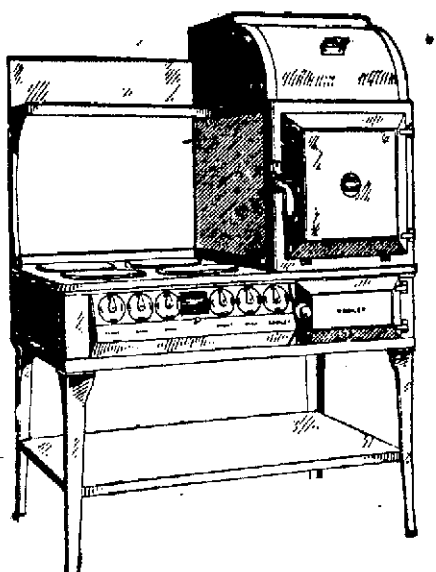

**DEMONSTRATION HOURS**

10 A. M. to 1 P. M.  
2 P. M. to 4 P. M.  
MAY 16—20

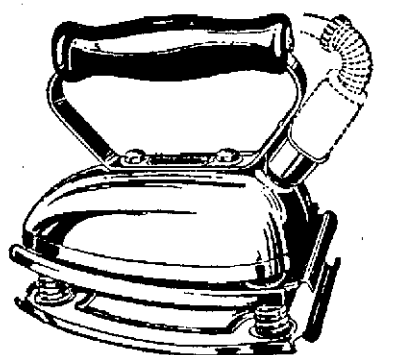

**UNIVERSAL ELECTRIC GRILL**

This neat, compact grill cooks a complete meal for two or three persons right at the table. Performs two cooking operations at one time. Broils steaks, chops, etc., to perfection; also fries and stews, etc., a variety of tasty dishes. Has 3-heat switch control.

**UNIVERSAL ELECTRIC RANGE**

The range that reduces maintenance and service charges to a practically negligible point. Full cabinet model, separate broiling compartment, utility shelf, and warming closet. This range comes in sizes to meet the requirements of any kitchen. Quick, clean and convenient, it is the ideal range for the home.

**UNIVERSAL ELECTRIC IRON**

The famous "Roundheel" Iron moves forward, backward and sidewise, doing the best work with greatest ease. Cannot catch and wrinkle the fabric on the backward stroke as other irons do. Finely tapered tip and beveled edges enable quick and safe ironing of tucks, flounces and pleats.

**UNIVERSAL ELECTRIC CURLING IRON**

A quick, convenient and safe hair curler. No soot or odor, just a clean, dry, instant heat of the proper temperature. Ideal for curling bobbed hair and for waving in the prevailing styles. Comes with aluminum comb which slips over the iron and makes a convenient hair dryer. Costs less than 1-3c per hour to use.

# RUSSIA WOULD JOIN LEAGUE

## Providing Genoa Conference Succeeded From the Soviet Viewpoint

## If Conference Fails, Moscow Would Continue Its Policy of Opposition to League

GENEVA, May 15. (By the Associated Press).--The soviet delegates at Genoa informed the league of nations' experts there that Russia desired to cooperate with the league and become a full fledged members within a rea-

The league's experts have just reported this to the league council, which is meeting here.

The Russians added that if the Geneva conference failed, Moscow would continue its policy of opposition to the league in the theory that Russia could prevent anything from an organization composed chiefly of member states with which it had been unable to reach an agreement.

The league officials here regard these unofficial overtures for peace from the Bolsheviks as very significant in view of the bitter opposition of Moscow to the organization in the past.

**GREEK SCHOOL CHILDREN**

## ON ANNUAL OUTING

It was a happy group of boys and girls that gathered at the Greek parochial school in Worthen street this morning. Of course there was a reason for the smiles and the cheery exchange of greetings for the children were ready to start on their annual May day outing, conducted under the auspices of the directors of the Greek community.

There were about 300 boys and girls at the school at 7 o'clock and about an hour later the pupils rode to automobile trucks, which took them to the home of a member of the community in Mammoth road. Needless to say, the trip to the outing grounds was a happy ride, as all the way the children made the air ring with their songs and happy shouts.

Upon reaching the farm games were played and sporting events were conducted. The latter included baseball games, races of all descriptions and other contests and at the close of the events suitable prizes were awarded the

The affair was under the personal direction of President James Panas of the community, who was ably assisted by members of the board of directors and Principal and Mrs. Peter Soulls of the school. The teachers were present

The burning of a pan of lard on a gas range at 318 Andover street was responsible for a telephone alarm at 11.35 o'clock this forenoon.

A Ford sedan owned by Alexander Benoit was stolen from Lee street opposite St. Joseph's church yesterday while the owner was attending church.

Mistakes in spelling, particularly of names, are of course as irritating to publishers as to the persons directly involved and The Sun hastens to correct a misspelling that occurred Saturday when the name Sorbin, Va.
